Issues of gender and sexuality are intrinsic to people's experience: their sense of identity, their lives and the loving relationships that shape and sustain them. The life and mission of the Church of England - and of the worldwide Anglican Communion - are affected by the deep, and sometimes painful, disagreements about these matters, divisions brought into sharper focus because of society's changing perspectives and practices, especially in relation to LGBTI+ people. Living in Love and Faith sets out to inspire people to think more deeply both about what it means to be human, and to live in love and faith with one another. It tackles the tough questions and the divisions among Christians about what it means to be holy in a society in which understandings and practices of gender, sexuality and marriage continue to change. Commissioned and led by the Bishops of the Church of England, the Living in Love and Faith project has involved many people across the Church and beyond, bringing together a great diversity and depth of expertise, conviction and experience to explore these matters by studying what the Bible, theology, history and the social and biological sciences have to say. After a Foreword from the Archbishops of Canterbury and York, the book opens with an invitation from the Bishops of the Church of England to embark on a learning journey in five parts: Part One sets current questions about human identity, sexuality, relationships and marriage in the context of God's gift of life. Part Two takes a careful and dispassionate look at what is happening in the world with regard to identity, sexuality, relationships and marriage. Part Three explores current Christian thinking and discussions about human identity, sexuality, and marriage. In the light of the good news of Jesus Christ, how do Christians understand and respond to the trends observed in Part Two? Part Four considers what it means for us as individuals and as a church to be Christ-like when it comes to matters of identity, sexuality, relationships and marriage. Part Five invites the reader into a conversation between some of the people who have been involved in writing this book who, having engaged with and written Parts One to Four, nevertheless come to different conclusions. Amid the biblical, theological, historical and scientific exploration, each part includes Encounters with real, contemporary disciples of Christ whose stories raise questions which ask us to discern where God is active in human lives. The book ends with an appeal from the Bishops to join them in a period of discernment and decision-making following the publication of Living in Love and Faith. The Living in Love and Faith book is accompanied by a range of free digital resources including films, podcasts and an online library, together with Living in Love and Faith: The Course, a 5-session course which is designed to help local groups engage with the resources, also published by Church House Publishing. Author J. Ellsworth Kalas looks at some familiar Old and New Testament Bible stories through the lens of a time-tested faith and hope to open up new possibilities of insight and meaning. Each of the twelve chapters features a key passage of Scripture and is centered on a theme such as overcoming a bad start in life, dealing with rejection, capitalizing on adversity, not letting others define you, never giving up, finding the gain in your loss, and measuring your true self-worth. -- Adapted from page [4] cover. reflection, an invitation to pray and a suggestion for responding to the vision of the Lord's Prayer itself. Follow the REAL rubric for success in starting new ministries If congregations were to look outside their doors, they may find that the people who need the good news don't look like them and that the way to engage them is by having ministries that are REAL. REAL ministry is respectful relationships, excellence, authenticity, and love. This easy-to-understand perspective on relationships can be implemented in any setting with any group. To continue the mandate, "Go therefore and make disciples of all nations," we have to have relationships with those whom God has put in our neighborhoods. Each chapter contains a study guide with Bible verses and reflection questions. The author also offers real anecdotes and examples of what to do—and what not to do—so that when using the REAL rubric with any group of people, you can emulate Jesus and bring the good news to them. Church leaders wanting to be more inclusive or trying to grow in their changing neighborhood will find this book a welcome resource. A practical guide to using the Book of Common Prayer, without using technical language or assuming prior knowledge. It includes a history and theology of the BCP with practical advice on using its principal services. Provides all the essential seasonal liturgy for the Christian year, including material for using from Advent to Candlemas, and from Lent to Easter, as well as many other festivals and seasons throughout the year. In the style of her bestselling Phoebe, Paula Gooder uses her extensive biblical expertise to retell the events of the Crucifixion, Resurrection and Ascension through the eyes of nine female characters she imagines accompanying Jesus during these momentous days. Accompanied by nine colour illustrations, each story brings to life the tension, drama and shock of the events of Holy Week, banishing any over-familiarity and helping readers enter into the Passion narrative in a deeper, more meaningful way. Originally given as a series of addresses at Southward Cathedral during Holy Week 2021, these nine stories are for all who long to encounter Jesus afresh through the Easter Story. Grounded in the liturgical tradition and scholarship, the author explores what he calls the "new traditionalism" that notes the recent resurgence of interest in ancient forms of liturgy and spiritual practice. Everett communicates the seriousness with which he approaches his subject by offering a brief history of psalms and an exegesis of selected psalm texts. As a composer, he speaks clearly about the process of capturing the essence of each psalm in the brief, but beautiful antiphons that accompany them. The psalter itself consists of musically notated antiphon melodies with chord symbols followed by the printed psalm text which is read aloud... Many alternative and emerging church communities have begun exploring ancient music and liturgical traditions despite a lack of high-quality, published liturgical music, which does not require (or even desire) an organ and a four-part choir. The Emergent Psalter serves to provide that resource. Featuring music written for two emerging communities (Transmission in New York and Church of the Apostles in Seattle), this book is an excellent resource for anyone producing alternative worship service or thinking of starting one. Money Matters in Church helps leaders to discover a one-stop, comprehensive model for managing finances and fundraising. It guides leaders of any size church or ministry to create a culture of giving that supports savvy, faithful, and legal financing. The authors present a biblical theology of stewardship that supports ways to develop donors and maximize contributions, enact a strategic budget and effective audit process, project income and expenses, work with banks, compensate staff, and address debt. The book's practical step-by-step approach makes finance issues understandable for leaders without a business background.
