[The Pentagon Papers](#) Feb 23 2023 "The WikiLeaks of its day" (Time) is as relevant as ever to present-day American politics. "The most significant leaks of classified material in American history." -The Washington Post Not Fake News! The basis for the 2018 film The Post by Academy Award-winning director Steven Spielberg, The Pentagon Papers are a series of articles, documents, and studies examining the Johnson Administration's lies to the public about the extent of US involvement in the Vietnam War, bringing to light shocking conclusions about America's true role in the conflict. Published by The New York Times in 1971, The Pentagon Papers riveted an already deeply divided nation with startling and disturbing revelations about the United States' involvement in Vietnam. The Washington Post called them "the most significant leaks of classified material in American history" and they remain relevant today as a reminder of the importance of a free press and First Amendment rights. The Pentagon Papers demonstrated that the government had systematically lied to both the public and to Congress. This incomparable, 848-page volume includes: The Truman and Eisenhower Years: 1945-1960 by Fox Butterfield Origins of the Insurgency in South Vietnam by Fox Butterfield The Kennedy Years: 1961-1963 by Hedrick Smith The Overthrow of Ngo Dinh Diem: May-November, 1963 by Hedrick Smith The Covert War and Tonkin Gulf: February-August, 1964 by Neil Sheehan The Consensus to Bomb North Vietnam: August, 1964-February, 1965 by Neil Sheehan The Launching of the Ground War: March-July, 1965 by Neil Sheehan The Buildup: July, 1965-September, 1966 by Fox Butterfield Secretary McNamara's Disenchantment: October, 1966-May, 1967 by Hedrick Smith The Tet Offensive and the Turnaround by E. W. Kenworthy Analysis and Comment Court Records Biographies of Key Figures With a brand-new foreword by James L. Greenfield, this edition of the Pulitzer Prize-winning story is sure to provoke discussion about free press and government deception, and shed some light on issues in the past and the present so that we can better understand and improve the future. Daniel Ellsberg made history by releasing the Pentagon Papers - a 7,000-page top-secret study of U.S. decision-making in Vietnam - to the New York Times and Washington Post. The document set in motion a chain of events that ended not only the Nixon presidency but the Vietnam War. In this remarkable memoir, Ellsberg describes in dramatic detail the two years he spent in Vietnam as a U.S. State Department observer, and how he came to risk his career and freedom to expose the deceptions and delusions that shaped three decades of American foreign policy. The story of one man's exploration of conscience, *Secrets* is also a portrait of America at a perilous crossroad. "[Ellsberg's] well-told memoir sticks in the mind and will be a powerful testament for future students of a war that the United States should never have fought." -The Washington Post "Ellsberg's deft critique of secrecy in government is an invaluable contribution to understanding one of our nation's darkest hours." -Theodore Roszak, San Francisco Chronicle

Fighting for the Press Feb 17 2020 On June

13, 1971, the New York Times published the first of the Pentagon Papers, a series of top-secret Defense Department documents exposing U.S. government policies on the unpopular war in Vietnam. James C. Goodale, then the young chief counsel for the Times, was there leading the legal team every step of the way. This is his compelling, never-before-told story of what happened behind closed doors -- the strategies, the decisions, the larger-than-life characters from the worlds of law, politics, journalism, and the military. Besides recounting the story behind the Pentagon Papers, Goodale notes Barack Obama has threatened to pursue Julian Assange and WikiLeaks, just as Nixon went after Neil Sheehan and the New York Times. Goodale warns that this threat, if effected, may criminalize newsgathering.

Shortlisted for the Andrew Carnegie Medal for Excellence in Nonfiction Finalist for The California Book Award in Nonfiction The San Francisco Chronicle's Best of the Year List Foreign Affairs Best Books of the Year In These Times "Best Books of the Year" Huffington Post's Ten Excellent December Books List LitHub's "Five Books Making News This Week" From the legendary whistle-blower who revealed the Pentagon Papers, an eyewitness exposé of the dangers of America's Top Secret, seventy-year-long nuclear policy that continues to this day. Here, for the first time, former high-level defense analyst Daniel Ellsberg reveals his shocking firsthand account of America's nuclear program in the 1960s. From the remotest air bases in the Pacific Command, where he discovered that the authority to

initiate use of nuclear weapons was widely delegated, to the secret plans for general nuclear war under Eisenhower, which, if executed, would cause the near-extinction of humanity, Ellsberg shows that the legacy of this most dangerous arms buildup in the history of civilization--and its proposed renewal under the Trump administration--threatens our very survival. No other insider with high-level access has written so candidly of the nuclear strategy of the late Eisenhower and early Kennedy years, and nothing has fundamentally changed since that era. Framed as a memoir--a chronicle of madness in which Ellsberg acknowledges participating--this gripping exposé reads like a thriller and offers feasible steps we can take to dismantle the existing "doomsday machine" and avoid nuclear catastrophe, returning Ellsberg to his role as whistle-blower. The Doomsday Machine is thus a real-life Dr. Strangelove story and an ultimately hopeful--and powerfully important--book about not just our country, but the future of the world.

The Pentagon Papers Jan 30 2021

The Pentagon Papers May 02 2021 Drawn from Katharine Graham's Pulitzer Prize-winning memoir *Personal History*, a dramatic account of how she piloted the Washington Post through the Pentagon Papers and Watergate crises. After inheriting the Post from her father, and assuming its leadership in 1963 after the death of her husband, Graham found herself unexpectedly playing a role in history. Here she recounts the riveting episodes that transformed a shy widow into a newspaper legend, as she defied the government to publish the Pentagon Papers' secrets about the Vietnam War and then led the way in exposing the Watergate scandal. Graham gives us an intimate behind-the-scenes view of the tense debates and high stakes she and her editors faced, and concludes with a powerful argument for the freedom of the press as a bulwark against abuses of power. An ebook short.

The Pentagon Papers: Background to the conflict, 1940-1950 May 22 2020

The Pentagon Papers as Published by the New York Times Jul 16 2022 This book is the definitive edition of the Pentagon Papers as published by The New York Times in 1971 interrupted by a temporary restraining order and 15 days of litigation culminating in the Supreme Court decision. To provide a comprehensive archive for libraries, universities and private citizens, additional background materials have been provided relating to the writing of the Papers, their place in the history of American policy since 1945, and the constitutional issues raised by their publication in The Times. In one volume of nearly nine hundred pages, this permanent edition contains: the complete New York Times report on the secret Pentagon study, including the full texts of the controversial government documents that appeared in the historic Times articles. It also includes the court proceedings in the case of *The New York Times Company vs. The United States* as well as pictorial documentation of the Pentagon study in 60 pages of photographs; a glossary of names, code words, abbreviations and technical terms used in the Pentagon study; expanded, illustrated biographies of American and Vietnamese officials prominent in the study; and a 32-page index.

Publication of the Pentagon reports led the Nixon administration to sue the Times for a prior restraint, unleashing a firestorm of publicity and legal wrangling. A mere fifteen days later the Supreme Court freed the Times and the Washington Post, which had also secured a copy of the documents, to continue publishing their Pentagon Papers series. *The Pentagon Papers: U.S. ground strategy and force deployments, 1965-1968.
