Family Law addresses contemporary family law issues and analyzes the public and private dichotomy in contemporary family law relationships. Current family law topics addressed in this book include:

- Marriage and marriage alternatives
- Support and property rights
- Conception and reproduction issues
- Domestic violence and intrafamily torts
- Care and supervision of children
- Adoption and termination of parental rights
- Legitimacy and paternity
- Divorce or dissolution of marriage
- Economic consequences of divorce, including spousal and child support, equitable distribution of marital and community property and a discussion of the American Law Institute's proposed principles of the law of family dissolution
- Child custody and visitation, including a discussion of the Uniform Child Custody Jurisdiction and Enforcement Act and the Uniform Interstate Family Support Act
- Premarital and postmarital agreements
- Alternative dispute resolution
- Ethical issues for the family lawyer

While addressing many cutting-edge family law issues, this Family Law casebook still maintains a realistic balance between theory and practice. The format is manageable, condensed, and user-friendly. Each topic includes a general introduction, a current or landmark illustrative judicial decision, relevant notes and questions analyzing, extending, or questioning each topic, and problems allowing students to analyze particular family law issues and disputes as

practitioners, legislators, or jurists would. This eBook features links to Lexis Advance for further legal research options. The second volume of a three-book updated edition covering the whole range of Internet, CD-ROM and dial-up online services, this text focuses on business, law and patents. Across the three volumes, experts from the UK and US describe in detail how to identify and exploit specialist bibliographic and non-bibliographic databases, the best search methods and delivery modes, and the relative merits of different services and online hosts in their different disciplines. Family Law addresses contemporary family law issues and analyzes the public and private dichotomy in contemporary family law relationships. This three-volume Manual on International Maritime Law presents a systematic analysis of the history and contemporary development of international maritime law by leading contributors from across the world. Prepared in cooperation with the International Maritime Law Institute, the International Maritime Organization's research and training institute, this a uniquely comprehensive study of this fundamental area of international law. Volume I: The Law of the Sea addresses the major issues which arise in the law of the sea. It provides a detailed understanding of the historical development of the law of the sea; the role of the International Maritime Organization; the law surrounding maritime zones; the legal regime of islands; the international sea-bed area; the legal regime governing marine scientific research; the rights and obligations of land-locked and geographically disadvantaged states; the legal regime of Arctic and Antarctic; and the settlements of disputes. This volume also considers the ways in which human rights and the law of the sea interact. The forthcoming Volume II will address shipping law; Volume III will provide analysis of marine environmental law and maritime security law. The full three-volume Manual will set out the entirety of international maritime law, re-stating and re-examining its fundamental principles, how it is enacted, and the issues that are shaping its future. It will be a superlative resource for those working with or studying this area of law.

Prevent, evaluate, and manage diseases that can be acquired in tropical environments and foreign countries with The Travel and Tropical Medicine Manual. This pragmatic, pocket-sized resource equips medical providers with the knowledge they need to offer effective aid, covering key topics in pre- and post-travel

medicine, caring for immigrants and refugees, and working in low-resource settings. It's also the perfect source for travelers seeking quick, easy access to the latest travel medicine information. Dynamic images illustrate key concepts for an enhanced visual understanding. Evidence-based treatment recommendations enable you to manage diseases confidently. Pocket-sized format provides access to need-to-know information quickly and easily. Highlights new evidence and content surrounding mental health and traveling. Covers emerging hot topics such as Ebola virus disease, viral hemorrhagic fevers, the role of point-of-care testing in travel medicine, and antibiotic-resistant bacteria in returning travelers and students traveling abroad. Includes an enhanced drug appendix in the back of the book. Originally published in 1926, this book by the renowned British meteorologist Napier Shaw focuses on the history of meteorology. Econometrics, the application of statistical principles to the quantification of economic models, is a compulsory component of European economics degrees. This text provides an introduction to this complex topic for students who are not outstandingly proficient in mathematics. It does this by providing the student with an analytical and an intuitive understanding of the classical linear regression model. Mathematical notation is kept simple and step-by-step verbal explanations of mathematical proofs are provided to facilitate a full understanding of the subject. The text also contains a large number of practical exercises for students to follow up and practice what they have learnt. Originally published in the USA, this new edition has been substantially updated and revised with the inclusion of new material on specification tests, binary choice models, tobit analysis, sample selection bias, nonstationary time series, and unit root tests and basic cointegration. The new edition is also accompanied by a

website with Powerpoint slideshows giving a parallel graphical treatment of topics treated in the book, cross-section and time series data sets, manuals for practical exercises, and lecture note extending the text.
