An ALA Best Book for Young Adults. Reprint. Jr Lib Guild. "Readers who choose the book for the attraction of Navajo code talking and the heat of battle will come away with more than they ever expected to find."—Booklist, starred review Throughout World War II, in the conflict fought against Japan, Navajo code talkers were a crucial part of the U.S. effort, sending messages back and forth in an unbreakable code that used their native language. They braved some of the heaviest fighting of the war, and with their code, they saved countless American lives. Yet their story remained classified for more than twenty years. But now Joseph Bruchac brings their stories to life for young adults through the riveting fictional tale of Ned Begay, a sixteen-year-old Navajo boy who becomes a code talker. His grueling journey is eye-opening and inspiring. This deeply affecting novel honors all of those young men, like Ned,

who dared to serve, and it honors the culture and language of the Navajo Indians. An ALA Best Book for Young Adults "Nonsensational and accurate, Bruchac's tale is quietly inspiring..."—School Library Journal

For fans of Hatchet and Island of the Blue Dolphins comes Theodore Taylor's classic bestseller and Lewis Carroll Shelf Award winner, The Cay. Phillip is excited when the Germans invade the small island of Curaçao. War has always been a game to him, and he's eager to glimpse it firsthand—until the freighter he and his mother are traveling to the United States on is torpedoed. When Phillip comes to, he is on a small raft in the middle of the sea. Besides Stew Cat, his only companion is an old West Indian, Timothy. Phillip remembers his mother's warning about black people: "They are different, and they live differently." But by the time the castaways arrive on a small island, Phillip's head injury has made him blind and dependent on Timothy. "Mr. Taylor has provided an exciting story...The idea that all humanity would benefit from this special form of color blindness permeates the whole book...The result is a story with a high ethical purpose but no sermon."—New York Times Book Review "A taut tightly compressed story of endurance and revelation...At once barbed and tender, tense and fragile—as Timothy would say, 'outrageous good.'"—Kirkus Reviews * "Fully realized setting...artful, unobtrusive use of dialect...the representation of a hauntingly deep love, the poignancy of which is rarely achieved in children's literature."—School Library Journal, Starred "Starkly dramatic, believable and compelling."—Saturday Review "A tense and moving experience in reading."—Publishers Weekly "Eloquently

Dynamic Business Law: The Essentials is appropriate for the one-semester Business Law course. It contains the basics of business law but does not get bogged down in the kind of details that are more appropriate in an upper-level law class. The text provides an examination of the basic questions, concepts, and legal rules of business law. Emphasis on the BUSINESS in business law. Dynamic Business Law: The Essentials emphasizes the tie of legal issues back to the core business curriculum. This will help both students and faculty. Faculty need to know how this is integrated as they are constantly ‘defending’ the inclusion of this course in the business curriculum. And students need to understand how the concepts tie to their future business careers. Emphasis on TEACHING. Many professors teaching this course are attorneys first and academics second. They do not have a lot of time to prepare or think about how to apply this information effectively for their business students. Dynamic Business Law: The Essentials contains a helpful instructor’s manual, particularly for the many adjuncts teaching this course. Emphasis on CRITICAL THINKING. Neil Browne, one of the co-authors of this text, has written a successful text on critical thinking. His framework is included in Dynamic Business Law: The Essentials as well – to help

students learn how to frame and reframe a question/issue. Critical thinking questions are also included at the end of each case, to tie in this component even further. "Calls to mind such early moderns as Hemingway and Fitzgerald...Some of the most powerful antiwar literature in modern English fiction."—The Boston Globe The first book of the Regeneration Trilogy—a Booker Prize nominee and one of Entertainment Weekly's 100 All-Time Greatest Novels. In 1917 Siegfried Sasson, noted poet and decorated war hero, publicly refused to continue serving as a British officer in World War I. His reason: the war was a senseless slaughter. He was officially classified "mentally unsound" and sent to Craiglockhart War Hospital. There a brilliant psychiatrist, Dr. William Rivers, set about restoring Sasson's "sanity" and sending him back to the trenches. This novel tells what happened as only a novel can. It is a war saga in which not a shot is fired. It is a story of a battle for a man's mind in which only the reader can decide who is the victor, who the vanquished, and who the victim. One of the most amazing feats of fiction of our time, Regeneration has been hailed by critics across the globe. More than one hundred years since World War I, this book is as timely and relevant as

ever. Rev. ed. of: Foundations of psychiatric mental health nursing / [edited by] Elizabeth M. Varc Carolis, Margaret Jordan Halter. 6th ed. c2010. Critical Care Nursing Practice Guide: A Road Map for Students and New Graduates is an essential, step-by-step, practical guide that helps new nursing graduates, new critical care

and nursing students assigned to intensive care units gain the confidence they need to provide optimal care to their patients. This comprehensive text teaches inexperienced nurses how to systematically assess their patients, plan individualized care, implement therapeutic modalities with competence, collaborate effectively and evaluate the effectiveness of nursing actions. Covering areas such as how to begin, organize, prioritize, analyze, reason, and decide in daily routines and emergencies in the critical care setting, this book enables the novice to become an expert in the ICU. Valuable features such as chapter objectives, summaries, and key terms are included. This book analyses the participatory budgeting practice as it has evolved in evaluated countries, focusing on what is substantially at stake concerning the budget and issues involved, the actual participation, the way such processes are organised and administered, and the outcomes of such processes. It concludes that participatory budgeting in selected European countries is far away from the level of 'best practice', but that all experiences are not just trivial pursuits. The information collected serves to check, to what extent participatory budgeting as practiced in the countries involved presents a real attempt to change municipal budgets towards addressing the needs of marginalized groups and to improve decision-making based on local democracy and participation, or whether these processes as such are to be judged to be more important than any output and outcomes. The practices can neither be seen as a process of policy diffusion nor as a process of policy mimesis. The terminology of

participatory budgeting remains, but the tools to achieve the goals resulted only in marginal changes in the status quo in municipalities in European countries practicing participatory budgeting, instead of resulting in radical changes to increase spending in favor of marginalized groups. Chapter 15 'Unraveled Practices of Participatory Budgeting in European Democracies' is available open access under a CC BY 4.0 license. THINGS FALL APART tells two overlapping, intertwining stories, both of which center around Okonkwo, a “strong man” of an Ibo village in Nigeria. The first of these stories traces Okonkwo's fall from grace with the tribal world in which he lives, and in its classical purity of line and economical beauty it provides us with a powerful fable about the immemorial conflict between the individual and society. The second story, which is as modern as the first is ancient, and which elevates the book to a tragic plane, concerns the clash of cultures and the destruction of Okonkwo's world through the arrival of aggressive, proselytizing European missionaries. These twin dramas are perfectly harmonized, and they are modulated by an awareness capable of encompassing at once the life of nature, human history, and the mysterious compulsions of the soul. THINGS FALL APART is the most illuminating and permanent monument we have to the modern African experience as seen from within. In his Nautilus Award-winning classic Touching Spirit Bear, author Ben Mikaelson delivers a powerful coming-of-age story of a boy who must overcome the effects that violence has had on his life. After severely injuring Peter Driscall in an empty parking lot, mischief-

maker Cole Matthews is in major trouble. But instead of jail time, Cole is given another option: attend Circle Justice, an alternative program that sends juvenile offenders to a remote Alaskan Island to focus on changing their ways. Desperate to avoid prison, Cole fakes humility and agrees to go. While there, Cole is mauled by a mysterious white bear and left for dead. Thoughts of his abusive parents, helpless Peter, and his own anger cause him to examine his actions and seek redemption—from the spirit bear that attacked him, from his victims, and, most importantly, from himself. Ben Mikaelson paints a vivid picture of a juvenile offender, examining the roots of his anger without absolving him of responsibility for his actions, and questioning a society in which angry people make victims of their peers and communities. Touching Spirit Bear is a poignant testimonial to the power of a pain that can destroy, or lead to healing. A strong choice for independent reading, sharing in the classroom, homeschooling, and book groups.
