It seeps through the walls topped by barbed wire, it wafts across the electrified borders." "The nine most terrifying words in the English language are, 'I'm from the government and I'm here to help.'" #1 NEW YORK TIMES BESTSELLER More than ONE MILLION copies sold A TODAY Show Read with Jenna Book Club Pick A New York Times Notable Book, and Chosen by Oprah Daily, Time, NPR, The Washington Post, Bill Gates and Barack Obama as a Best Book of the Year "Wise and wildly entertaining . . . permeated with light, wit, youth." —The New York Times Book Review "A classic that we will read for years to come." —Jenna Bush Hager, Read with Jenna book club "Fantastic. Set in 1954, Towles uses the story of two brothers to show that our personal journeys are never as linear or predictable as we might hope." —Bill Gates "A real joyride . . . elegantly constructed and compulsively readable." —NPR The bestselling author of A Gentleman in Moscow and Rules of Civility and master of absorbing, sophisticated fiction returns with a stylish and propulsive novel set in 1950s America In June, 1954, eighteen-year-old Emmett Watson is driven home to Nebraska by the warden of the juvenile work farm where he has just served fifteen months for involuntary manslaughter. His mother long gone, his father recently deceased, and the family farm foreclosed upon by the bank, Emmett's intention is to pick up his eight-year-old brother, Billy, and head to California where they can start their lives anew. But when the warden drives away, Emmett discovers that two friends from the work farm have hidden themselves in the trunk of the warden's car. Together, they have hatched an altogether different plan for Emmett's future, one that will take them all on a fateful journey in the opposite direction—to the City of New York. Spanning just ten days and told from multiple points of view, Towles's third novel will satisfy fans of his multi-layered literary styling while providing them an array of new and richly imagined settings, characters, and themes. "Once again, I was wowed by Towles's writing—especially because The Lincoln Highway is so different from A Gentleman in Moscow in terms of setting, plot, and themes. Towles is not a one-trick pony. Like all the best storytellers, he has range. He takes inspiration from famous hero's journeys, including The Iliad, The Odyssey, Hamlet, Huckleberry Finn, and Of Mice and Men. He seems to be saying that our personal journeys are never as linear or predictable as an interstate highway. But, he suggests, when something (or someone) tries to steer us off course, it is possible to take the wheel." – Bill Gates A thorough revision and update of the best-selling Reader's Digest original Quotable Quotes will bring this timeless classic into the 21st century. "Our belief was that if we kept putting great products in front of customers, they would continue to open their wallets" --Steve Jobs "The world is more malleable than you think, and it's waiting for you to hammer it into shape." --Bono Poor Abraham Lincoln! His life was hardly fun at all. A country torn in two by war, citizens who didn't like him as president, a homely appearance—what could there possibly be to laugh about? And yet he did laugh. Lincoln wasn't just one of our greatest presidents. He was a comic storyteller and a person who could lighten a grim situation with a clever quip. This unusual biography of Lincoln highlights his life and presidency, focusing on what made his sense of humor so distinctive—and so necessary to surviving his tough life and times. Nearly 150 years after his death, the enduring legacy of a great president, an American success story, and the celebrated leader of the Civil War continues. Abraham Lincoln: Quotes, Quips, and Speeches is an illuminating and inspirational collection that captures the essence of the sixteenth president—a man revered for his integrity, faith, generosity, eloquence, humor, and determination. A sample of Lincoln's wit and wisdom: On honesty: "You must remember that some things legally right are not morally right." On common sense: "Common-looking people are the best in the world; that is the reason the Lord makes so many of them.:" On character: "A man's character is like a tree and his reputation like its shadow; the shadow is what we think of it; the tree is the real thing." Each of the twelve chapters also include shrewd observations of Lincoln from those who knew him best, including his wife, Mary Todd Lincoln, and his greatest political opponent, Stephen A. Douglas. Featuring excerpts from his most famous speeches as well as numerous photos, this timely tribute is the perfect gift for students, scholars, and history buffs everywhere. If we're to believe the nearly 20,000 books that have been written about President Lincoln by pro-North and New South historians, he was an ardent abolitionist, a Bible-believing Christian, and a Constitution-loving conservative who headed the most ethical administration in U.S. history, preserved the Union, ended American slavery, and became the black man's greatest champion by granting him full civil and equal rights. In fact, according to Lincoln's own words, nothing could be further from the truth. After reading this eye-opening book, you'll be asking yourself the question: Why then does Lincoln

continue to be annually voted America's "best," "favorite," and "most important" president by people of all ages, races, religions, and political persuasions? The answer—well-known to Southerners for the past 150 years—is that the real Lincoln has been carefully concealed from us by his faithful worshipers, the Lincolnites, some who are simply uninformed, others who will stop at nothing to keep you from learning the facts about our sixteenth chief executive and his unconstitutional, unnecessary, and unjustifiable war. In this handy Civil War Sesquicentennial Edition of "The Unquotable Abraham Lincoln," Southern historian and award-winning Tennessee author Lochlainn Seabrook closely examines the politically incorrect statements they don't want you to know. Included here, among some 230 footnoted entries, are Lincoln's controversial, even un-American, views on his presidency, the government, the U.S. Constitution, states' rights, the Union, his war on the South, abolition, slavery, colonization, African-Americans, Mexicans, "mulattos," the Confederacy, the Southern people, his Emancipation Proclamation, Jesus, the Bible, Christianity, and more. This is an indispensable work for those interested in the American Civil War, for without a true and complete understanding of Lincoln one will never have a true and complete understanding of the conflict itself. Available in paperback and hardcover. Civil War scholar Lochlainn Seabrook, a descendant of the families of Alexander H. Stephens and John S. Mosby, is the most prolific and popular pro-South writer in the world today. A seventh-generation Kentuckian of Appalachian heritage and the sixth great-grandson of the Earl of Oxford, Mr. Seabrook has a forty-year background in American and Southern history, and is the author of the runaway bestseller "Everything You Were Taught About the Civil War is Wrong, Ask a Southerner!" His other works include: "The Great Yankee Coverup: What the North Doesn't Want You to Know About Lincoln's War"; "Confederate Flag Facts: What Every American Should Know About Dixie's Southern Cross"; "Confederacy 101: Amazing Facts You Never Knew About America's Oldest Political Tradition"; and "Everything You Were Taught About American Slavery is Wrong, Ask a Southerner!" Published to coincide with the 200th anniversary of Lincoln's birth, this landmark publication establishes Burlingame as the most assiduous Lincoln biographer of recent memory and brings Lincoln alive to modern readers as never before. A collection of quotations from the sixteenth President, that includes insights into the man by those who knew him best, from his wife, Mary Todd Lincoln, to his greatest political opponent, Stephen A. Douglas. Abraham Lincoln grew up in the long shadow of the Founding Fathers. Seeking an intellectual and emotional replacement for his own taciturn father, Lincoln turned to the great men of the founding—Washington, Paine, Jefferson—and their great documents—the Declaration of Independence, the Constitution—for knowledge, guidance, inspiration, and purpose. Out of the power vacuum created by their passing, Lincoln emerged from among his peers as the true inheritor of the Founders' mantle, bringing their vision to bear on the Civil War and the question of slavery. In Founders' Son, celebrated historian Richard Brookhiser presents a compelling new biography of Abraham Lincoln that highlights his lifelong struggle to carry on the work of the Founding Fathers. Following Lincoln from his humble origins in Kentucky to his assassination in Washington, D.C., Brookhiser shows us every side of the man: laborer, lawyer, congressman, president; storyteller, wit, lover of ribald jokes; depressive, poet, friend, visionary. And he shows that despite his many roles and his varied life, Lincoln returned time and time again to the Founders. They were rhetorical and political touchstones, the basis of his interest in politics, and the lodestars guiding him as he navigated first Illinois politics and then the national scene. But their legacy with not sufficient. As the Civil War lengthened and the casualties mounted Lincoln wrestled with one more paternal figure—God the Father—to explain to himself, and to the nation, why ending slavery had come at such a terrible price. Bridging the rich and tumultuous period from the founding of the United States to the Civil War, Founders' Son is unlike any Lincoln biography to date. Penetrating in its insight, elegant in its prose, and gripping in its vivid recreation of Lincoln's roving mind at work, this book allows us to think anew about the first hundred years of American history, and shows how we can, like Lincoln, apply the legacy of the Founding Fathers to our times. Through careful scrutiny of Lincoln's actions, speeches, and writings, and of accounts from those who knew him, Miller gives us insight into the moral development of a great politician — one who made the choice to go into politics, and ultimately realized that vocation's fullest moral possibilities. As Lincoln's Virtues makes refreshingly clear, Lincoln was not born with his face on Mount Rushmore; he was an actual human being making choices — moral choices — in a real world. In an account animated by wit and humor, Miller follows this unschooled frontier politician's rise, showing that the higher he went and the greater his power, the worthier his conduct would become. He would become that rare bird, a great man who was also a good man. Uniquely revealing of its subject's heart and mind, it represents a major contribution to our understanding and of Lincoln, and to the perennial American discussion of the relationship between politics and morality. Abraham Lincoln is known for his story telling. According to his friends, Lincoln usually began all of his stories by saying, "That reminds me of a story..." And, once he started talking everyone would move in real close, so they could hear what "Old Abe" had to say. While Lincoln's stories, more often than not, made people laugh, they almost always had a point to them. The stories were Lincoln's way of making it easy for people to understand what he was saying. Yes. He could have just said what he wanted to say, but Lincoln knew that most people quickly forget what they're told. Stories have a way of sticking with you, and driving the point home. Over the past year, I have taken the time to read hundreds of Lincoln's stories, sayings, and quotes from his letters, and what really stands out to me, is his deep understanding of people. Many of his stories ring just as true today, as they did when he first told them over 150 years ago. For business leaders, they also possess some valuable information on how to manage your business, your employees, and your personal relationships with friends and family. What I have done for this book is to pick out twenty-five of my favorite Lincoln stories and sayings, and present them along with examples of how they can help you solve your everyday business problems. My suggestion is to read through them all. Then read one a day, until you can master the knowledge they teach. At the end of the book, after the stories, you will find a short review of the situation Lincoln found himself in when he became President, and about how he managed his soldiers, and his generals. With all of the violence and destruction going on around him, Lincoln never once lost his temper with any of his charges. Instead he took time to learn how he could help them, and used his stories to help share his wisdom. Example: Don't give up to soon General Meade was widely acclaimed as the hero of Gettysburg, and after that success one of the general's friends told Lincoln that he should be made Commander-in-Chief of the Union Army. "Now don't misunderstand me," Lincoln told the man. "I am profoundly grateful down to the bottom of my boots for what he did at Gettysburg, but I think that if I had been General Meade, I would have fought another battle." Lincoln understood what many people didn't. Although Meade had made a major victory for the Union, he could have ended the war, if he hadn't stopped to rest on his laurels. Salesman hit this same barrier every day. They make a big sale early in the day, or they reach their quota, and they go home for the day thinking they did a great job. But, the best salesmen look at that big score as motivation to move forward, and hit another home run. If I could say anything on this point, it would be this: Celebrate your victories, but before you do, know what you could be celebrating. Too often in life, we stop just short of reaching our full potential. Memorable quotes & quips to make an audience sit up & take notice! The Address was delivered at the dedication of the Soldiers' National Cemetery in Gettysburg, Pennsylvania, on the afternoon of Thursday, November 19, 1863, during the American Civil War, four and a half months after the Union armies defeated those of the Confederacy at the decisive Battle of Gettysburg. In just over two minutes, Lincoln invoked the principles of human equality espoused by the Declaration of Independence and redefined the Civil War as a struggle not merely for the Union, but as "a new birth of freedom" that would bring true equality to all of its citizens, and that would also create a unified nation in which states' rights were no longer dominant. Throughout history, some books have changed the world. They have transformed the way we see ourselves - and each other. They have inspired debate, dissent, war and revolution. They have enlightened, outraged, provoked

and comforted. They have enriched lives - and destroyed them. Now Penguin brings you the works of the great thinkers, pioneers, radicals and visionaries whose ideas shook civilization and helped make us who we are. "Those who deny freedom to others deserve it not for themselves..."-President Abraham Lincoln

The third title in Gordon Leidner's successful series, *The Civil War: Quotes, Quips, And Speeches* captures the essence of this bloody and inevitable conflict through the insights, inspirations, and wisdoms of those who lived it. Featuring more than 220 quotes from both Union and Confederate soldiers and civilians, as well as excerpts from some of our country's most enduring speeches, *The Civil War* documents the chronology of one of the ultimate turning points in American history. The "new atheists" say that science has disproven that God was necessary for the creation of the universe. *Of God and Dice* offers counter-arguments to the atheists' claims through the words of 70 eminent scientists such as Albert Einstein, Max Planck, and Isaac Newton. Written for the reader that wants to consider the "God side" of the science vs. God debate, Editor Gordon Leidner provides nearly 250 quotations of well-known scientists on subjects such as the Big Bang, quantum theory, human consciousness, the Bible, and science's inability to disprove the existence of God. The Editor's introduction to each subject, end notes, and numerous photographs add to the usefulness of the book. Abraham Lincoln is the most frequently quoted United States President. In this fascinating compendium are the best, funniest and most profound sayings of this most quotable of Chief Executives. The quotes are arranged according to subject, providing a bit of Lincoln wit and wisdom for any situation. From his youth in pioneer Illinois to the embattled White House of the Civil War, Abraham Lincoln never lost his capacity for dry humor--or his extraordinary gift of eloquence. American Presidents, Polk to Hayes. *What They Did. What They Said, What Was Said About Them* is the second book in a planned five volume series, covering all the Presidents. These 43 men (so far) have succeeded in some regards and failed in others as they strove to do the best they could in what is surely one of the most difficult jobs in the world. Only they can truly appreciate what it takes to be the president. Others can only speculate. People feel strongly about U.S. Presidents. Some they admire – others they hate. It is fair game to criticize a president's actions and policies. However, questioning their commitment to American ideals seems like hitting below the belt. There are no willing villains. Most people can find justification for their actions, beliefs, and prejudices. Each president strove to do the best he could for the nation and its people. This goal of the book is not to praise presidents, nor is it to condemn them. The subtitle of each of the five books in the series: *What They Did. What They Said, What Was Said About Them*, perfectly describes the approach adopted to tell their stories in a unique, way, meant to entertain as well as inform. Readers are asked to make their own judgments of the presidencies based on more information than the semi-myths they may recall History courses or what is preached in the many longstanding and despicable negative campaigning, mudslinging and character assassination reports they hear from partisans. One can find much to admire about each of the presidents and unfortunately much to deplore. Soldiers are told that in giving salutes to officers is not honoring the individuals, but rather their rank. If there are presidents, readers just feel they cannot salute, hopefully they can salute the presidency. Filled with over two hundred quotes from John Adams, Benjamin Franklin, Thomas Jefferson, James Madison and more, *The Founding Fathers: Quotes, Quips, and Speeches* captures the essence of America's most influential leaders in an elegant collection that explores the American Revolution.
