The sequel to How to Ace Calculus, How to Ace the Rest of Calculus provides humorous and highly readable explanations of the key topics of second and third semester calculus-such as sequences and series, polar coordinates, and multivariable calculus-without the technical details and fine print that would be found in a formal text. The New York Times bestselling author of the "swoonworthy and addicting" (Kim Karr, New York Times bestselling author) Wind Dragons Motorcycle Club series is back with more bad boy bikers in this first novel in the Cursed Ravens Motorcycle Club series. Erin Dawson had the perfect life growing up in a perfect home with a perfect family. Her parents gave her and her sister everything a child could want. But after learning that the man she's called "dad" her whole life isn't actually her biological father, Erin is determined to find the man who is. Armed with her original birth certificate, she finds her father, but begins questioning if her mom had been right all along to keep this information buried. It turns out he is the president of a motorcycle club, which could not be further from the life Erin leads. But, she's determined to get to know the man who she gets her striking blue eyes from. Despite getting what she wants and finding her biological father, it's the slightly older, much rougher but incredibly sexy biker Ace that catches Erin's eye. As the new "princess" of the Cursed Ravens, Erin is learning a whole new world, but her father has made it clear she is off limits. Will Ace follow his President's orders or will he put his heart ahead of his duty? A sizzling tale of family and passion, Ace of Hearts features Fernando's signature "snark and sass" (Booklist) and is perfect for fans of Kristin Ashley. On the same night she discovers she is pregnant, twenty-eight-year-old nurse Meg Richards' husband is killed in an auto accident caused by a drunken teen. James Thomas, the teen, comes from one of the most influential families in the community. He's a

star athlete and glamour boy at the local high school. Angered by her senseless loss, Meg blames God for what has happened and considers a decision that could change her life even further—until the D.A. intervenes. The results of the brutal trial enrage Meg, leading her down a frightening path of retribution. When the opportunity for revenge comes unexpectedly, will Meg follow through? Or will the remnants of her faith lead her in a different direction? **NOW A NEW YORK TIMES BESTSELLER!** From #1 New York Times bestselling author Marissa Meyer, comes a high-stakes world of adventure, passion, danger, and betrayal. *Secret Identities*. *Extraordinary Powers*. She wants vengeance. He wants justice. The Renegades are a syndicate of prodigies—humans with extraordinary abilities—who emerged from the ruins of a crumbled society and established peace and order where chaos reigned. As champions of justice, they remain a symbol of hope and courage to everyone...except the villains they once overthrew. Nova has a reason to hate the Renegades, and she is on a mission for vengeance. As she gets closer to her target, she meets Adrian, a Renegade boy who believes in justice—and in Nova. But Nova's allegiance is to the villains who have the power to end them both. Increasingly sophisticated technology and an ever-expand-ing base of knowledge have not been enough to allow humans to halt the worldwide progression of environmental degradation. Extensive fieldwork in both Africa and the United States convinced Allan Savory that neither the forces of nature nor commonly blamed culprits -- overpopulation, poor farming practices, lack of financial support -- were causing the decline of once-healthy ecosystems. He also noted that once land has become degraded, leaving it alone seldom helps revitalize it. Savory eventually came to realize that on the most fundamental level, environmental problems are caused by human management

decisions, and only through wholesale changes in the way decisions are made can functioning ecosystems be restored. In response to that startling discovery, Savory began to develop a revolutionary new approach to decision-making and management. Known initially as Holistic Resource Management, and now as simply Holistic Management, it considers humans, their economies, and the environment as inseparable. It includes a common-sense decision-making framework that requires no specialized knowledge or elaborate technology to utilize, and is applicable in any environment or management situation. At the heart of the approach lies a simple testing process that enables people to make decisions that simultaneously consider economic, social, and environmental realities, both short- and long-term. Holistic Management is a newly revised and updated edition of Holistic Resource Management (Island Press, 1988), which was the first book-length treatment of Savory's decision-making framework and how it could be applied. A decade of trial-and-error implementation has strengthened and clarified the book's ideas, and has expanded the scope of the process to include all manner of decisions and management situations, not just those that relate to land and resource management. Holistic Management has been practiced by thousands of people around the world to profitably restore and promote the health of their land through practices that mimic nature, and by many others who have sought a more rewarding personal or family life. This book is an essential handbook for anyone involved with land management and stewardship -- ranchers, farmers, resource managers, and others -- and a valuable guide for all those seeking to make better decisions within their organizations or in any aspect of their personal lives. Based on The Peanuts Movie™ starring Charlie Brown, Linus, Lucy, and the rest of the lovable gang

adored by generations of fans, this mini kit is a treasured keepsake for fans of all ages, including a collectible figurine of Snoopy as The Flying Ace and 16-page full-color sticker book featuring artwork from the film. The sequel to "How to Ace Calculus," "How to Ace the Rest of Calculus" provides humorous and highly readable explanations of the key topics of second and third semester calculus--such as sequences and series, polar coordinates, and multivariable calculus--without the technical details and fine print that would be found in a formal text. A novel memoir about the top secret radar project that won World War Two, about the Canadians who liberated The Netherlands (including the concentration camp that held Anne Frank), the race riot at Christie Pits in Toronto, about recovering from the war and TB at a sanitarium that was a Nazi P.o.W. Camp and would be a Jewish resort in Muskoka. Reels for 1973- include Time index, 1973- It's been a year since Nick Traver's search for the lost recording of blues phantom Robert Johnson in Crossroad Blues. He has grown comfortable playing his harp at JoJo's in the French Quarter and teaching blues history at Tulane. A difficult case was the last thing on the blues tracker's mind. When new details on the mysterious death of a blues record producer surface from a legendary guitarist over a bottle of Crown Royal, Nick becomes intrigued. In 1959, Billy Lyons' body was found stabbed with an ice pick and floating in Lake Michigan. His lover, a blues singer named Ruby Walker, was sentenced to life in prison for the murder. But even after Ruby was sentenced, rumors emerged of a gambling debt to the black mafia or a possible hit called by Lyons' partner, Moses Jordan, who moved on to immortality with another label. After arriving at Chicago's Union Station, Travers learns there are still those who'd like Billy Lyons' murder to remain unsolved. He soon has fresh blood splattered on his boots and he's running in the

blackened snow from a rogues gallery of killers that include a 6-foot-5, 300 pound breathing ball of hate named Stagger Lee Jordan and a beautiful pair of sociopaths--Butcher Knife-Totin' Annie and Fast-Lovin' Fannie--two women with respective talents for love and death. His quest for Lyons' killer retraces the route of the Delta greats during the Great Migration of blacks after World War II. From the historic Maxwell Street Market to the South Side's Checkerboard Lounge, take a hint from Robert Johnson when he sang, "C'mon. Baby don't you want to go. Back to that same old place--My Sweet Home Chicago." Ace! is the story of Bruce Porter's life as a Marine combat fighter pilot -- from his days as a naval aviation cadet prior to World War II, through his adventures guarding the United States' forward-most line of defense in the South Pacific. Follow Porter through his exacting night-fighter training and fly with him on his rare double-kill night mission over Okinawa. Includes an introduction by "Pappy" Boyington, the man portrayed by Robert Conrad in the hit television series Baa Baa Blacksheep. The winner takes all... I had her. She was mine. They took her away. Lyriope Morelli is the dream I've been chasing. My obsession isn't gone, my hunger's not satiated. I won't rest until I find her and claim her again. I won't rest until I've dragged her safely back to Wonderland. Villains don't get the happily ever after written for them in the story. And I'm the villain of this story--vicious and calculating, terrifying in my whims. Which is why, when it comes to my queen of hearts... The game has just begun. Welcome to the Midnight Dynasty... The warring Morelli and Constantine families have enough bad blood to fill an ocean, and their brand new stories will be told by your favorite dangerous romance authors. WARNING: This book is intended for readers eighteen years old and over. It contains material that some readers could find disturbing. Enter at your

own risk... Written by three gifted-and funny-teachers, *How to Ace Calculus* provides humorous and readable explanations of the key topics of calculus without the technical details and fine print that would be found in a more formal text. Capturing the tone of students exchanging ideas among themselves, this unique guide also explains how calculus is taught, how to get the best teachers, what to study, and what is likely to be on exams—all the tricks of the trade that will make learning the material of first-semester calculus a piece of cake. Funny, irreverent, and flexible, *How to Ace Calculus* shows why learning calculus can be not only a mind-expanding experience but also fantastic fun. An engaging exploration of what it means to be asexual in a world that's obsessed with sexual attraction, and what the ace perspective can teach all of us about desire and identity. What exactly is sexual attraction and what is it like to go through life not experiencing it? What does asexuality reveal about gender roles, about romance and consent, and the pressures of society? This accessible examination of asexuality shows that the issues that aces face—confusion around sexual activity, the intersection of sexuality and identity, navigating different needs in relationships—are the same conflicts that nearly all of us will experience. Through a blend of reporting, cultural criticism, and memoir, *Ace* addresses the misconceptions around the “A” of LGBTQIA and invites everyone to rethink pleasure and intimacy. Journalist Angela Chen creates her path to understanding her own asexuality with the perspectives of a diverse group of asexual people. Vulnerable and honest, these stories include a woman who had blood tests done because she was convinced that “not wanting sex” was a sign of serious illness, and a man who grew up in a religious household and did everything “right,” only to realize after marriage that his experience of sexuality had never been

the same as that of others. Disabled aces, aces of color, gender-nonconforming aces, and aces who both do and don't want romantic relationships all share their experiences navigating a society in which a lack of sexual attraction is considered abnormal. Chen's careful cultural analysis explores how societal norms limit understanding of sex and relationships and celebrates the breadth of sexuality and queerness. Deadly enemies undermine her life and business When a mysterious email threatens her family's corporation, executive Marlowe Colton puts all her energy into protecting Colton Oil. But a more shocking scandal comes in the form of her archrival—and one-night lover—Bowie Robertson, who uncovers the consequence of their passion. As danger encroaches, Bowie and Marlowe must put aside any bitterness to safeguard the family neither ever expected. Geeky tech girls aren't supposed to have this much fun with their super spy co-workers. Ruby typically supports a team of do-gooder assassins from the safety of her supercomputer in their command center. She's dragged into danger when hackers attack her, empty millions from her crypto wallet, and threaten the global economy by tampering with blockchain technology. Worse, her attraction to two of the agents she works with—Ace and Liam—is a distraction none of them can afford, especially when she winds up sharing a bed with them for her own safety. They've got issues of their own. Ace barely returned to active duty after a grievous injury that wrecked his arm and nearly ended his career. His wounds fractured more than bones, shaking Liam's confidence and willingness to deepen their partnership both on and off duty because they risk their lives daily to protect others. And that's before they admit that they're falling for the same nerdy-yet-adorable woman, who should also be strictly off-limits. Can Ruby fix what's broken between the three of them before the

hackers end her career and her life? From New York Times and USA Today bestselling author Jayne Rylon comes a steamy new multi-partner standalone series set in the Powertools universe. The Shields security team accepts missions in the grey area of both law and morality that no one else wants or can handle. They're a ragtag bunch of special ops soldiers, ex-government agents, and hackers wrangled by a former construction worker who aspired to be a superhero's sidekick when he grew up. What could go wrong? This book takes the reader from knowing zero about magic to being able to do a whole show for their family and friends. Along the way they will learn some cool tricks to show their friends in school, find out how to do a PR stunt, film their own tricks, develop their unique magician persona, and all the other secrets to making magic amazing. The reader will be offered an array of trick options, from openers to finales, from which to build their own tailored show, depending on their favourite style of magic and stage of learning. Sci-fi action meets steamy paranormal romance in Gini Koch's Alien novels, as Katherine "Kitty" Katt faces off against aliens, conspiracies, and deadly secrets. • "Futuristic high-jinks and gripping adventure." —RT Reviews Despite not having run for office, nor wanting to remain in office, Representative Jeff Martini is being wooed as the vice presidential running mate for a charismatic senator who seems likely to win the campaign. While the Diplomatic Corps has to deal with the pressures of a political campaign sure to uncover secrets they don't want shared with the world, Ambassador Kitty Katt-Martini has other worries—handling the reemergence of her most potent nemesis, thought dead and buried. Kasey O'Brien's life has always been about airplanes; what makes them tick, what makes them fly. When her father's plane crashes into a Colorado mountainside, she takes over their failing air charter service and is determined

to make it work. On a charter flight with a passenger on board to Oregon's Briar Meadows Ranch, the left engine of Cimmaron Air's Beech Baron freezes up on final approach. Kasey has to set the plane down at the ranch without the aid of emergency services, thus earning her the nickname of "Lady Ace". During inspection of the engine, Kasey discovers an oil line has been purposely cut and she is forced to stay at the ranch until a replacement can be flown in. While at the ranch, she is captivated by the earthy and entirely masculine foreman, Cort Navarro. But Kasey has to conquer the intrigue that surrounds Cort as well. What was he hiding? And what was next for Kasey? Since he had failed, would the saboteur make another attempt on her life—or was Kasey's passenger his target? It has been two years since his sister was murdered, now James Hart's life hangs by a thread as he recounts how things ended in such chaos. When he meets Mega, a mysterious yet passionate woman, his life is pushed further out of balance. But just when he is cracking, she is the very person that keeps him going. While Mega seems to be suffering her own fate, James decides he may be the person to save her. He closes chapter after chapter still searching for the whys of his sisters killing. But when he gets the answers he has been waiting for, they could be more troubling than imagined. Will he be able to put the past behind him and achieve his much-needed peace? Hatred, blackmail, and murder—a Brad Shade hat trick. The Black Ace reunites us with our favourite, savvy fourth-liner, with plot twists, wisecracks, and an ending that could only come from G.B. Joyce. Thanks to Shade's work at the NHL draft last season, he gets to hold on to his job as scout for L.A.—at least for now. But a journeyman's work is never done. Shade is checking out the talent in Regina with his old friend and teammate "Chief." But when they learn of the suicide of an old

teammate from their playing days in L.A., they take a sometimes violent detour through the dark side of a small town with no shortage of secrets it wants kept at almost any cost. This popular practitioner guide and text presents an effective, problem-solving-based approach to evaluating and remediating academic skills problems. Leading authority Edward S. This riveting novel in verse, perfect for fans of Jacqueline Woodson and Toni Morrison, explores American history and race through the eyes of a teenage boy embracing his newfound identity Connor's grandmother leaves his dad a letter when she dies, and the letter's confession shakes their tight-knit Italian-American family: The man who raised Dad is not his birth father. But the only clues to this birth father's identity are a class ring and a pair of pilot's wings. And so

Connor takes it upon himself to investigate—a pursuit that becomes even more pressing when Dad is hospitalized after a stroke. What Connor discovers will lead him and his father to a new, richer understanding of race, identity, and each other. The hunger moon hangs in the night sky... Malachi battled alongside the Villalobos wolves against the fanatical Kingdom Guard paramilitary to save imprisoned shapeshifters, but he has never truly felt at home in Angels Rest. Raised in the depths of the Russian taiga, his wolf is too wild to be tamed. Sofia has lost everything, but she'll fight to the death to keep her newborn son. Then Malachi offers her one night of protection she can't refuse—and a passion she can't understand. There's a wildness in him that calls to her soul, but his secrets are darker than the violence she left behind. Trust is hard, but the desire is undeniable, and both of them are hungry for a love like they've never known. Packed with current examples and engaging scenarios, *BUSINESS LAW AND THE LEGAL ENVIRONMENT, STANDARD EDITION, 7E* has earned the stamp of approval from trial and appellate judges, working attorneys, scholars, and teachers for its full breadth of business law coverage. Extremely reader-friendly, the text is known for its lively, conversational writing style that explains complex topics in easy-to-understand language as it illustrates how legal concepts apply to everyday business practice. Book two of "5 Princes and I" In response to the Nymphs'

request, Rose and the princes set out on a journey to meet with Prince Frederick. They stopped by different kingdoms of the princes, where Rose got to know another side of them through their family. A side that only their family knows about. Along the way, they came across the ruins of Gija, the ancient kingdom of the tamers. Rose discovered a small spirit wolf in that location, who seemed determined to secretly accompany them on their journey and even help her when she needed it most. As their journey progressed, secrets began to unfold, and new mysteries about herself that she never knew began to surface. Along with it, new problems emerge, and truths will be revealed in the second installment of "5 Princes and I." A fighter pilot with regrets, a humanitarian worker with a mission, and a second chance to work through everything that keeps them apart. Dex Callison, otherwise known as Ace makes a split second decision to parachute into a hostile situation to make a lot of things in his life right. His life as a Senator's son, a JAG Air Force pilot and then an active duty soldier have not yet filled the loss of his best friend, the only woman he has ever loved, Gianna West. Gianna West thought that she and Dex were made for each other forever. He'd promised to finish his active duty and then join her building orphanages all over the world in remote villages. But she learned in one instant, how much more Dex wanted to start his own military training program, much more than he wanted to be with her. Alone, serving people she falls in love with, she tries to tell herself she doesn't miss him. All of that goes out the window when he shows up in her village on a remote island. When you travel to a different country every six months, there's little time for relationships. Every pilot joins Top Flight for different reasons, but no one expects to fall in love. romances in our new *Top Flight Fighter Pilot Romance* series. *FOR A FIGHTER PILOT IN THE MIGHTY EIGHTH, DEATH WAS ALWAYS A HEARTBEAT AWAY.* When the skies of Europe blazed with the fiercest air battles in history, fighter pilots like Norman “Bud” Fortier were in the thick of it, flying four hundred miles an hour at thirty thousand feet, dodging flak and dueling with Nazi aces. In their role as “escorts” to Flying Fortresses and Liberators, the fighter squadrons’ ability to blast enemy aircraft from the sky was key to the success of pinpoint bombing raids on German oil refineries, communication and supply lines, and other crucial targets. Flying in formation with the bomber stream, Fortier and the rest of his squadron helped develop dive-bombing and strafing tactics for the Thunderbolts and Mustangs. As the war progressed, fighter squadrons began to carry out their own bombing missions. From blasting V-1 missile sites along France’s “rocket coast” and the hell-torn action of D day to the critical attacks on the Ruhr Valley and massive daylight raids on German industrial targets, Fortier was part of the Allies’ bitter struggle to bring the Nazi war machine to a halt. In describing his own hundred-plus missions and by including the accounts of fellow fighter pilots, Fortier recaptures the excitement and fiery terror of the world’s most dangerous cat-and-mouse game. *Gossip Girl* meets *Get Out* in *Ace of Spades*, a YA contemporary thriller by debut author Faridah Àbíké-Íyímídé about two students, Devon & Chiamaka, and their struggles against an anonymous bully. All you need to know is . . . I’m here to divide and conquer. Like all great tyrants do. —Aces

When two Niveus Private Academy students, Devon Richards and Chiamaka Adebayo, are selected to be part of the elite school’s senior class prefects, it looks like their year is off to an amazing start. After all, not only does it look great on college applications, but it officially puts each of them in the

running for valedictorian, too. Shortly after the announcement is made, though, someone who goes by Aces begins using anonymous text messages to reveal secrets about the two of them that turn their lives upside down and threaten every aspect of their carefully planned futures. As Aces shows no sign of stopping, what seemed like a sick prank quickly turns into a dangerous game, with all the cards stacked against them. Can Devon and Chiamaka stop Aces before things become incredibly deadly? With heart-pounding suspense and relevant social commentary comes a high-octane thriller from debut author Faridah Àbíké-Íyímídé.
