Cumming's collection of memoirish essays - anecdotes of his childhood, of traipsing the streets of Melbourne looking for life and music; of of getting older and developing back problems, of the internal politics of rock bands, and of the Countdown days. Questioning his resolve to attend public school after being homeschooled when he is targeted by a bully, Max aspires to become like his favorite comic book heroes and finds an unexpected opportunity to be the hero his middle school needs. Both a memoir in travel essays and an anti-guidebook, Bad Tourist takes us across four continents to fifteen countries, showing us what not to do when traveling. A woman learning to claim her own desires and adventures, Suzanne Roberts encounters lightning and landslides, sharks and piranha-infested waters, a nightclub drugging,

burning bodies, and brief affairs as she searches for the love of her life and finally herself. Throughout her travels Roberts tries hard not to be a bad tourist, but owing to her cultural blind spots, things don't always go as planned. Fearlessly confessional, shamelessly funny, and wholly unapologetic, Roberts offers a refreshingly honest account of the joys and absurdities of confronting new landscapes and cultures, as well as new versions of herself. Raw, bawdy, and self-effacing, *Bad Tourist* is a journey packed with delights and surprises—both of the greater world and of the mysterious workings of the heart. Meet Edgar and Allan Poe -- twelve-year-old identical twins, the great-great-great-grandnephews of Edgar Allan Poe. They look and act so much alike that they're almost one mischievous, prank-playing boy in two bodies. When their beloved black cat, Roderick Usher, is kidnapped and transported to the Midwest, Edgar and Allan convince their guardians that it's time for a road trip. Along the way, mayhem and mystery ensue, as well as deeper questions: What is the boys' telepathic connection? Is Edgar Allan Poe himself reaching out to them from the Great Beyond? And why has a mad scientist been spying on the Poe family for years? With a mix of literary humor, mystery, a little quantum physics, and fun extras like fortune cookie messages, letters in code, license plate clues -- and playful illustrations throughout -- this series opener is a perfect choice for smart, funny tweens who love the Time Warp Trio, Roald Dahl, and Lemony Snicket. After the

great success of his autobiography, *Paddle Your Own Canoe*, Offerman offers up another hilarious book focusing on the lives of those who inspire him. From George Washington to Willie Nelson, he describes 21 heroic figures and tells us exactly why they inspire him. Combining serious history with light-hearted humor, Offerman expounds upon his favourite topics, which readers love to hear about; topics such as religion, politics, woodworking and handcrafting, agriculture, creativity, philosophy, fashion and, of course, meat. Failures don't need to be final, and disappointment doesn't need to be defining. Come along on a wild, hilarious, faith-building ride, and let *The Art of Getting It Wrong* guide you toward hope for the future and the freedom to love your life exactly where you are. Long before his YouTube channel, *The Miller Fam*, became a viral sensation, Stephen Miller got a ton of things wrong. He knows what it's like to endure countless failed endeavors, make too many rash decisions, and feel deep discouragement when life doesn't go as planned--sometimes all before breakfast. But those experiences taught him a powerful lesson: it's going to be okay. With the characteristic authenticity, love, and humor Stephen shows in his YouTube videos, *The Art of Getting It Wrong* offers timeless truths and never-before-told stories of misadventures and out-of-control disappointments that will encourage you to: See the good at work in your life, even when you make mistakes Look for the laugh in every situation Embrace the truth--whether it's a warm hug or a kick in the

teeth Believe in yourself and grow in your sense of self-worth Discover the power of grace, both for others and for yourself Join Stephen as he shares what it means to turn failures, mishaps, and disappointments into a life of fun and fulfillment--even when it's not what you expected. N/A "Fans of Beverly Cleary's Quimbys, Judy Blume's Hatchers, and, more recently, Jeanne Birdsall's Penderwicks will fervently hope that more Fletcher misadventures are yet to come." —School Library Journal, Starred The start of the school year is not going as the Fletcher brothers hoped. Each boy finds his plans for success veering off in unexpected and sometimes disastrous directions. And at home, their miserable new neighbor complains about everything. As the year continues, the boys learn the hard and often hilarious lesson that sometimes what you least expect is what you come to care about the most. Praise for *The Misadventures of the Family Fletcher* A Junior Library Guild Selection [set star] "Their banter is realistic, and the disorder of their everyday lives, convincing. The Fletcher family rules!" —Kirkus Reviews, Starred "Dana Alison Levy has gloriously reimaged the classic family story into a thoroughly modern mold, and it works perfectly." —Bruce Coville, bestselling author of *My Teacher Is an Alien* and the *Unicorn Chronicles* [P1] [set star] "With its semi-episodic structure, laugh-out-loud humor, and mix of zaniness and love, Levy's debut offers something truly significant: a middle-grade family story featuring gay parents and interracial families that is never about

either issue." —School Library Journal, Starred "Levy provides a compelling, compassionate, and frequently hilarious look at their daily concerns. By book's end readers will want to be part of (or at least friends with) this delightful family." —The Horn Book

Hear about the time a spiritual guru steamed himself to death in a giant pot, along with some corn and steamed buns? Or the time a president projectile vomited on a prime minister at a state banquet. Was it something they said? Back in New York in February 1940 at the world premiere of Walt Disney's Pinocchio. Walt had hired 11 midgets, dressed them up as

Pinocchio and put them on top of Radio City Music Hall. The idea was they could wave to the children entering the theatre. However, in a moment of inspiration, someone sent up alcohol with their lunch. So by the middle of the afternoon, there were 11 drunken, naked midgets cavorting on the roof and screaming obscenities at the crowd. They had to be removed by police, who carried them away in pillowcases. As the great Professor Stephen Hawking once said, "Stupidity remains the biggest threat to mankind." No truer words have ever been spoken; so we might as well enjoy it. In The Tell-Tale Start, Edgar and Allan Poe (great-great-great-great-grandnephews of the legendary Edgar Allan Poe) managed to outwit the nefarious Professor P. Pangborn Perry, who was (and is) determined to kill just one of them, in order to prove a mad scientific theory. Now the boys are in New Orleans, about to play the young Poe in a feature film. But the role may cost them their lives, because now someone else wants them dead. But who? And can the twins—with the help of their co-stars, Em and Milly Dickinson, their ghostly forebear, and a pair of real ghosts—manage to outwit them? Includes how-to information. Witches... Tsunami... Fun, funny, disgusting and

exciting for young people and adults with a sense of humor. A hilarious collection of essays dedicated to life in the great outdoors from Field & Stream's acclaimed Sportsman's Life columnist. For nearly a decade, Bill Heavey, an outdoorsman marooned in suburbia, has written the Sportsman's Life column on the back page of Field & Stream, where he does for hunting and fishing what David Feherty does for golf and Lewis Grizzard did for the South. *If You Didn't Bring Jerky, What Did I Just Eat?* is the first collection of Heavey's sidesplitting observations on life as a hardcore (but often hapless) outdoorsman. Whether he's hunting cougars in the desert, scheming to make his five-year-old daughter love fishing, or chronicling his father's life through a succession of canine companions, Heavey brings his trademark wit to a wide-range of outdoor enthusiasms, running the gamut from elite expeditions to ordinary occupations. In turns hysterical and poignant, entertaining and educational, this is an irresistible addition to the collection of any avid outdoorsman—or any suburbanite intrigued by the call of the wild. This user's guide to over 200 hand tools highlights how to use tools effectively, understand them better, and how to properly care for them. Salute generations of craftsmanship, ingenuity, and know-how with *The Tool Book*. Explore tools from every angle, with detailed patent drawings, exploded diagrams, and step-by-step illustrations of tools in action with the science behind the techniques. Gallery pages display different types of hammers, spades, or chisels, while

expert advice tells you what to look for when choosing a tool, and how to use it and care for it best. Discover why each tool is perfect for the job, and why it deserves a prominent spot in your shed, workshop, studio, or makerspace. The perfect gift for craftsmen, makers and anyone with an interest in DIY. Colin Furze, five-time Guinness World Record Holder and YouTube's undisputed king of crazy inventions, instructs fans and curious young inventors on how to build ten brand new wacky inventions at home with an affordable tool kit. Colin Furze's bonkers and brilliant inventions such as a homemade hoverbike, DIY Wolverine Claws, an alarm clock ejector bed, and Hoover shoes have earned him 4.5 million YouTube subscribers and more than 450 million video views. Now Colin is on a mission to inspire a new generation of budding inventors with *This Book Isn't Safe!* *This Book Isn't Safe* contains instructions on how to make ten brand new inventions with a basic at-home toolkit, alongside behind-the-scenes stories about some of Colin's greatest inventions and top secret tips and tricks straight from his invention bunker (aka a shed in his backyard in Stamford Lincolnshire). Inspiration for the Netflix Series *Bridget Jones meets AJ Jacobs in Wellmania*, an in-depth, laugh-out-loud exploration of the best and worst of the wellness industry. Cold-pressed juices, "clean" eating, colonic vacations, mindfulness apps, and Paleo: health-care trends and miracle diets seem to be more plentiful each year. But do any of these tactics actually work? What does "wellness" even mean? In *Wellmania*,

longtime journalist Brigid Delaney tackles the good, the bad, and the just-a-little-ridiculous of the wellness industry, using herself as the guinea pig. Starting with a brutal 101-day fast, she leaves behind her thirty-something-year-old lifestyle of late-night parties and all-day hangovers to test the things that are supposed to make us healthy and whole: yoga classes, meditation, CBT, Balinese healing, silent retreats, group psychotherapy, and more. Writing with self-deprecating wit and refreshing honesty, she sorts through the fads and expensive hype to find out what actually works, while asking, What does all this say about us? Is total wellness even possible? And why do you start to smell so bad when you haven't eaten in seven days? According to comedian Judith Lucy, the result is "a bloody entertaining read that leaves you wondering whether you want to do yoga or get mindlessly drunk and despair at the state of the world." The Zombie Cat is a fun, funny, disgusting and exciting book for people who like to read-and those who don't. This edition uses the "Dyslexie Font" which is designed to help readers enjoy themselves without worry. The Zombie Cat actually counts as two books-a collection of 7 stories called "Rewind" and a short novel called "The Stink Bomb War." Parks and Recreation actor and Making It co-host Nick Offerman shares his humorous fulminations on life, manliness, meat, and much more in this New York Times bestseller. Growing a perfect moustache, grilling red meat, wooing a woman—who better to deliver this tutelage than the always

charming, always manly Nick Offerman, best known as Parks and Recreation's Ron Swanson? Combining his trademark comic voice and very real expertise in woodworking—he runs his own woodshop—Paddle Your Own Canoe features tales from Offerman's childhood in small-town Minooka, Illinois—"I grew up literally in the middle of a cornfield"—to his theater days in Chicago, beginnings as a carpenter/actor and the hilarious and magnificent seduction of his now-wife Megan Mullally. It also offers hard-bitten battle strategies in the arenas of manliness, love, style, religion, woodworking, and outdoor recreation, among many other savory entrees. A mix of amusing anecdotes, opinionated lessons and rants, sprinkled with offbeat gaiety, Paddle Your Own Canoe will not only tickle readers pink but may also rouse them to put down their smart phones, study a few sycamore leaves, and maybe even hand craft (and paddle) their own canoes.

When disaster strikes and Newell finds himself on track to summer school, he's given one last minute option to get out of it--participating in the upcoming Talent Show. After two New York Times bestsellers, Nick Offerman—woodworker, actor, comedian, and co-host of NBC's crafting competition series Making It—returns with the subject for which he's known best—his incredible real-life woodshop. Nestled among the glitz and glitter of Tinseltown is a testament to American

elbow grease and an honest-to-god hard day's work: Offerman Woodshop. Captained by hirsute woodworker, actor, comedian, and writer Nick Offerman, the shop produces not only fine handcrafted furniture, but also fun stuff—kazoos, baseball bats, ukuleles, mustache combs, even cedar-strip canoes. Now Nick and his ragtag crew of champions want to share their experience of working at the Woodshop, tell you all about their passion for the discipline of woodworking, and teach you how to make a handful of their most popular projects along the way. This book takes readers behind the scenes of the woodshop, both inspiring and teaching them to make their own projects and besotting them with the infectious spirit behind the shop and its complement of dusty wood-elves. In these pages you will find a variety of projects for every skill level, with personal, easy-to-follow instructions by the OWS woodworkers themselves; and, what's more, this tutelage is augmented by mouth-watering color photos (Nick calls it "wood porn"). You will also find writings by Nick, offering recipes for both comestibles and mirth, humorous essays, odes to his own woodworking heroes, insights into the ethos of woodworking in modern America, and other assorted tomfoolery. Whether you've been working in your own shop for years, or if holding this stack of compressed wood pulp is as close as you've ever come to milling lumber, or even if you just love Nick Offerman's brand of bucolic yet worldly wisdom, you'll find Good Clean Fun full of useful, illuminating, and entertaining information. Amazon Customer Review:'I would have never thought that a wedding videographer would deal with so many different situations! While reading this book I encountered some interesting information, some winces and cringes, some genuine laughs out loud - but I can honestly say that all of it was entertaining! In addition, Kiersten's casual, witty, and amusing writing style made me feel like I was sitting in her living room as she shared these scenarios and anecdotes with a group of friends - Thanks for sharing!'

Amazon Customer Review:'It's just an awesome page-turner. If you're getting married, you definitely need to buy it. If you're not getting married/already have gotten married and you're looking for some good laughs, it's totally worth it. Kiersten's style of writing is also just really refreshing and makes funny stories even funnier - crisp, satirical

prose elegantly put together. She takes years of great stories and boils them down to the best ones for the reader to enjoy.' A Peculiar Peril is a head-spinning epic about three friends on a quest to protect the world from a threat as unknowable as it is terrifying, from the Nebula Award-winning and New York Times bestselling author of Annihilation, Jeff VanderMeer. Jonathan Lambshead stands to inherit his deceased grandfather's overstuffed mansion—a veritable cabinet of curiosities—once he and two schoolmates catalog its contents. But the three soon discover that the house is filled with far more than just oddities: It holds clues linking to an alt-Earth called Aurora, where the notorious English occultist Aleister Crowley has stormed back to life on a magic-fueled rampage across a surreal, through-the-looking-glass version of Europe replete with talking animals (and vegetables). Swept into encounters with allies more unpredictable than enemies, Jonathan pieces together his destiny as a member of a secret society devoted to keeping our world separate from Aurora. But as the ground shifts and allegiances change with every step, he and his friends sink ever deeper into a deadly pursuit of the profound evil that is also chasing after them. *A New York Times Bestseller* Megan Mullally and Nick Offerman reveal the full story behind their epic romance—presented in a series of intimate conversations between the couple, including photos, anecdotes, and the occasional puzzle. The year: 2000. The setting: Los Angeles. A gorgeous virtuoso of an

actress agreed to star in a random play, and a basement-dwelling scenic carpenter said he would assay a supporting role in the selfsame pageant. At the first rehearsal she surveyed her fellow cast members, determining if any of the men might qualify to provide her with a satisfying fling. Her gaze fell upon the carpenter, and like a bolt of lightning the thought struck her: no dice. Moving on. Yet, unbeknownst to our protagonists, Cupid had merely set down his bow and picked up a rocket launcher...that fired a love rocket (not a euphemism). The players were Megan Mullally and Nick Offerman, and the resulting romance, once ignited, was...epic. Beyond epic. It resulted in a coupling that has endured to this day; a sizzling, perpetual tryst that has captivated the world with its kindness, athleticism, astonishingly low-brow humor, and true (fire emoji) passion. How did they do it? They came from completely different families, ignored a significant age difference, and were separated by the gulf of several social strata. Megan loved books and art history; Nick loved hammers. But much more than these seemingly unsurpassable obstacles were the values they held in common: respect, decency, the ability to mention genitalia in almost any context, and an abiding obsession with the songs of Tom Waits. Eighteen years later, they're still very much in love and have finally decided to reveal the philosophical mountains they have conquered, the lessons they've learned, and the myriad jigsaw puzzles they've completed. Presented as an oral history in a series of

conversations between the couple, the book features anecdotes, hijinks, photos, and a veritable grab bag of tomfoolery. This is not only the intoxicating book that Mullally's and Offerman's fans have been waiting for, it might just hold the solution to the greatest threat facing our modern world: the single life. Witches... Tsunami... Toxic Chemicals and Tossed Cookies Seven stories and a novella about a bunch of ordinary kids getting into extraordinary trouble after school, on Halloween and on vacation. Fun, funny, disgusting and exciting for young people and adults with a sense of humor. A humorous and rousing set of literal and figurative sojourns as well as a mission statement about comprehending, protecting, and truly experiencing the outdoors, fueled by three journeys undertaken by actor, humorist, and New York Times bestselling author Nick Offerman Nick Offerman has always felt a particular affection for the Land of the Free—not just for the people and their purported ideals but to the actual land itself: the bedrock, the topsoil, and everything in between that generates the health of your local watershed. In his new book, Nick takes a humorous, inspiring, and elucidating trip to America's trails, farms, and frontier to examine the people who inhabit the land, what that has meant to them and us, and to the land itself, both historically and currently. In 2018, Wendell Berry posed a question to Nick, a query that planted the seed of this book, sending Nick on two memorable journeys with pals—a hiking trip to Glacier National Park with his friends Jeff Tweedy and George

Saunders, as well as an extended visit to his friend James Rebanks, the author of *The Shepherd's Life and English Pastoral*. He followed that up with an excursion that could only have come about in 2020—Nick and his wife, Megan Mullally, bought an Airstream trailer to drive across (several of) the United States. These three quests inspired some “deep-ish” thinking from Nick, about the history and philosophy of our relationship with nature in our national parks, in our farming, and in our backyards; what we mean when we talk about conservation; and the importance of outdoor recreation, all subjects very close to Nick's heart. With witty, heartwarming stories and a keen insight into the human problems we all confront, this is both a ramble through and celebration of the land we all love. "A passionate work of romantic suspense from a USA Today bestselling author!" ~BookBub Senior Detective

The stories are scandalous, refreshing, and, of course, incredibly sexy. They're the perfect bedside read, a 'quick blush' for the reader who loves a page-turning romance. Sweetie Pie escapes the confines of his hamster cage (and several insufferable owners) to find a new home in the wild. Another instant picture book classic from two-time Caldecott-winner Chris Van Allsburg. Bugs are for the birds! Lisbon is hungry and it's hard to wait for dinner. When her animal friends try to help her find something tasty to eat, the real the problems begin! Join Lisbon on her funny misadventures. Each beautiful illustration is designed to inspire the imaginations of children. An activity page at the end of the book allows for more fun as they search for special items in the illustrations. This version of I Don't Want to Eat Bugs has been designed specifically for ebook with a fixed layout and larger text for easy reading. While this is a great read-aloud book for parents, teachers, and other adults to share with children, we have chosen fonts that are similar to the way children form letters for easy recognition as they begin to read on their own. The print book is also available in 8.5" x 11" format. Author's Note: I Don't Want to Eat Bugs was written for my daughter, who was two when I wrote this story and didn't like salad, but now she's four and a half and

loves it—if I give her plenty of salad dressing! (But don't worry—this isn't a book about eating salad.) Of course birds, cats, and dogs have a very different idea of what's good to eat, but through this fun adventure, Lisbon learns there is also food meant just for her—and it's good, especially compared with all the offerings from her animal friends. My daughter and I privately call this book the "Ice Cream Story" (she LOVES ice cream so there had to be ice cream involved), and now whenever something funny happens, she says, "We should write a new ice cream story about that." And we have! *I Don't Want to Eat Bugs* is the first book in a planned series called Lisbon's Misadventures. I've written the next three books in the series, and Tim Petersen is hard at work creating the illustrations. Tim is obviously a fabulous artist, and I'm excited to be working with him. You can sign up on my website to learn when the next book comes out (<http://teylarachelbranton.com/>). Thank you and enjoy!

Max Crumbly faces the music in this second book in the series from #1 New York Times bestselling *Dork Diaries* author Rachel Renée Russell! When we last left our hero, Max Crumbly, he had crash-landed on top of a Mighty Meat Monster pizza after taking a late night tumble through the vents at South Ridge Middle School—and he was completely surrounded by three ruthless criminals! Will Max be shredded to bits like mozzarella cheese on the hard and crunchy pizza crust of doom? Can his friend and sidekick, computer whiz Erin, help get him out of this sticky situation alive?

Callan Walsh kicks ass. In fact, he's famous for it. As one of the brightest up-and-coming stars on the MMA scene, he's an absolute beast in the cage...and out. Everything he's trained for has brought him to this moment. Going toe-to-toe with reigning champ Xavier Gray will make or break his career. Nothing can distract him from his lifelong goal. Nothing. Until he meets...his opponent's little sister. Josie Gray is hell on wheels, gorgeous AF, and has a mouth that doesn't stop. The reluctant reality-television star is every man's dream, but she's about to become Callan's nightmare. Tired of being in her brother's fight-club entourage, Josie desperately desires her own life out of the limelight. Her loyalty to family keeps her tangled in faux fame, but what she feels for Callan is the realest thing she's ever known. Sparks fly when Callan comes to Josie's rescue, leading to an all-consuming fire after a single night together. Forever is right at their fingertips, if only everything—and everyone—wasn't working to keep them apart. Will Callan and Josie fight through family ties to come out on top? Or are they both caged into lives they never wanted? *****

Misadventures is a romantic series of spicy standalone novels, each written or co-written by some of the best names in romance. The stories are scandalous, refreshing, and, of course, incredibly sexy. They're the perfect bedside read, a 'quick blush' for the reader who loves a page-turning romance. A collection of essays written for the column "The high & the low" in the magazine Garden & gun. Whether writing about her

foiled attempt to seduce her husband, the homesick Irishman she found on the beach or why dog-people and cat-people can never be friends, Ros Thomas does so with the kind of humour and clarity that keeps her readers coming back week after week. These stories are for anyone who has grown up, fallen in love, failed, persevered - and is still looking for the meaning of modern life. Startlingly funny, revealing, and profoundly genuine, Ros Thomas will have you laughing, reminiscing and nodding in recognition. From a distinctive, inimitable voice, a wickedly funny and fascinating romp through the strange and often contradictory history of Western parenting Why do we read our kids fairy tales about homicidal stepparents? How did helicopter parenting develop if it used to be perfectly socially acceptable to abandon your children? Why do we encourage our babies to crawl if crawling won't help them learn to walk? These are just some of the questions that came to Jennifer Traig when—exhausted, frazzled, and at sea after the birth of her two children—she began to interrogate the traditional parenting advice she'd been conditioned to accept at face value. The result is *Act Natural*, hilarious and deft dissection of the history of Western parenting, written with the signature biting wit and deep insights Traig has become known for. Moving from ancient Rome to Puritan New England to the Dr. Spock craze of mid-century America, Traig cheerfully explores historic and present-day parenting techniques ranging from the misguided, to the nonsensical, to the truly horrifying.

Be it childbirth, breastfeeding, or the ways in which we teach children how to sleep, walk, eat, and talk, she leaves no stone unturned in her quest for answers: Have our techniques actually evolved into something better? Or are we still just scrambling in the dark? "A book of poetry about the presidents written in clerihevs"-- A collection of humorous tales of travel adventures and misadventures by twenty-five contributors--including Anne Lamott, Ellen Degeneres, Sandra Tsing Loh, Sarah Vowell, and Cynthia Kaplan--ranges from being chased by a herd of African elephants to getting bitten by a goddess-possessed healer in Kathmandu.
