Argumentative and Aggressive Communication: Theory, Research, and Application is the first text to describe the development, history, research, and application efforts on the communication traits of argumentativeness and verbal aggressiveness. Authors Andrew S. Rancer and Theodore A. Avtgis include a collection of nine widely used reliable and valid instruments which the reader, the researcher, and the practitioner can use for diagnostic and research purposes. For courses in Introduction to Communication An introduction to interpersonal communication that emphasizes the impact of our choices Revel(R) The Interpersonal Communication Book provides in-depth coverage of interpersonal communication, blending theory and research with practical skills. Author Joseph DeVito utilizes the concept of choice as the philosophical foundation of his narrative, emphasizing how the choices individuals make influence their relationships and the effectiveness of their messages. The 16th Edition incorporates coverage of two extraordinary events, the COVID-19 pandemic and the Black Lives Matter protests, to emphasize the importance of interpersonal communication in our daily lives as well as the larger world. Revel empowers students to actively participate in learning. More than a digital textbook, Revel delivers an engaging blend of author content, media, and assessment. This best-selling text presents the fundamental skills of interpersonal, small group, and public communication, emphasizing the areas of human communication skills, cultural awareness, listening, critical thinking, power, and ethics. Essentials of Human Communication fills the need for a brief, interesting, but serious text that places a strong focus on skill development. In-text features and the text itself highlight the application of human communication skills to the real world and to the workplace. Defines more than two thousand terms used in relation to speech communication, and discusses important aspects and issues of public speaking Human Communication: The Basic Course surveys the broad field of human communication, giving attention to theory, research, and skill development. This Twelfth Edition provides an in-depth look at the concepts and principles of human communication, emphasizing public speaking, interpersonal communication, and small group communication. Designed to allow flexibility in teaching approaches, Human Communication: The Basic Course offers instructors a wide range of topics to discuss and apply to real-world experiences. Encompassing public speaking, interpersonal communication, and small group interaction, Human Communication incorporates the latest theory and provides an abundance of new examples to help students apply communication concepts to real-life situations. The number of units in the latest edition has been consolidated from 23 to 19 to offer a more streamlined approach and more flexibility in teaching. Choices Behind Human Communication The Interpersonal Communication Book approaches the subject of communication through integrative theory, research, and hands-on methods. A threefold approach identifies important communicative concepts: choices in interpersonal situations, the theories and research that support these choices, and the communication skills necessary to effectively use these theories. The text allows students to examine the question of how, when, and through which channels they should communicate in different contexts. The Fourteenth Edition provides the newest insights and research in person-to-person interaction, making for an up-to-date source for communication study. New features and chapter-by-chapter updates make Interpersonal Communication the most comprehensive, relevant source on the topic. MyCommunicationLab not included.
