Winner of the Prix France Culture/Télérama prize, The Class explores timely issues of race, class, identity, colonial history, immigration, and education, "suspend[ing] judgment and liberat[ing] the raw words of kids in a deconsecrated classroom" (Le Monde). The novel's eponymous film version, directed by Laurent Cantet, starring author BÉgaudeau as himself, won the Palme d'Or at the 2008 Cannes Film Festival and was nominated for the 2009 Academy Award for Best Foreign Language Film. A New York Times Book Review Notable Book of the Year “[A] tremendously moving memorial to a first-class historian and essayist . . . humane, fearless, unsparingly honest.” —The Financial Times “[A] memorable collection from a memorable man.” —BookPage "It might be thought the height of poor taste to ascribe good fortune to a healthy man with a young family struck down at the age of sixty by an incurable degenerative disorder from which he must shortly die. But there is more than one sort of luck. To fall prey to a motor neuron disease is surely to have offended the Gods at some point, and there is nothing more to be said. But if you must suffer thus, better to have a well-stocked head." —Tony Judt The Memory Chalet is a memoir unlike any you have ever read before. Each essay charts some experience or remembrance of the past through the sieve of Tony Judt's prodigious mind. His youthful love of a particular London bus route evolves into a reflection on public civility and interwar urban planning. Memories of the 1968 student riots of Paris meander through the divergent sex politics of Europe, before concluding that his generation "was a revolutionary generation, but missed the revolution." A series of road trips across America lead not just to an appreciation of American history, but to an eventual acquisition of citizenship. Foods and trains and long-lost smells all compete for Judt's attention; but for us, he has forged his reflections into an elegant arc of analysis. All as simply and beautifully arranged as a Swiss chalet—a reassuring refuge deep in the mountains of memory. Unlock the more straightforward side of The Diving Bell and the Butterfly with this concise and insightful summary and analysis! This engaging summary presents an analysis of The Diving Bell and the Butterfly by Jean-Dominique Bauby, an autobiographical account of his life with locked-in syndrome following a massive stroke at the age of just 43. His entire body is paralysed apart from his left eyelid, but he miraculously learns how to express himself in the richest detail by blinking to select each letter as the alphabet is read out to him. By turns wistful, mischievous, angry and witty, Bauby’s account sold 25 000 copies on the first day of sales and went on to sell millions of copies across Europe and beyond. Despite dying only days after the publication of his groundbreaking novel, the famous editor and author’s memory lives on through this outstanding book. Every human should read it." —The New York Times A New York Times Book Review Editors' Choice At the age of sixty, Cory Taylor is dying of melanoma-related brain cancer. Her illness is no longer treatable: she now weighs less than her neighbor’s retriever. As her body weakens, she describes the experience—the vulnerability and strength, the courage and humility, the anger and acceptance—of knowing she will soon die. Written in the space of a few weeks, in a tremendous creative surge, this powerful and beautiful memoir is a clear-eyed account of what dying teaches: Taylor describes the tangle of her feelings, remembers the lives and deaths of her parents, and examines why she would like to be able to choose the circumstances of her death. Taylor’s last words offer a vocabulary for readers to speak about the most difficult thing any of us will face. And while Dying: A Memoir is a deeply affecting meditation on death, it is also a funny and wise tribute to life. The diaries of a remarkable young woman who was determined to live a meaningful and happy life despite her struggle with cystic fibrosis and a rare superbug—from age fifteen to her death at the age of twenty-five—the inspiration for the original streaming documentary Salt in My Soul “An exquisitely nuanced chronicle of a terrified but hopeful young woman whose life was beginning and ending, all at once.”—Los Angeles Times Diagnosed with cystic fibrosis at the age of three, Mallory Smith grew up to be a determined, talented young woman who inspired others even as she privately raged against her illness. Despite the daily challenges of endless medical treatments and a deep understanding that she’d never lead a normal life, Mallory was determined to “Live Happy,” a mantra she followed until her death. Mallory worked hard to make the most out of the limited time she had, graduating Phi Beta Kappa from Stanford University, becoming a cystic fibrosis advocate well known in the CF community, and embarking on a career as a professional writer. Along the way, she cultivated countless intimate friendships and ultimately found love. For more than ten years, Mallory recorded her thoughts and observations about struggles and feelings too personal to share during her life, leaving instructions for her mother to publish her work posthumously. She hoped that her writing would offer insight to those living with, or loving someone with, chronic illness. What emerges is a powerful and inspiring portrait of a brave young woman and blossoming writer who did not allow herself to be defined by disease. Her words offer comfort and hope to readers, even as she herself was facing death. Salt in My Soul is a beautifully crafted, intimate, and poignant tribute to a short life well lived—and a call for all of us to embrace our own lives as fully as possible. One of the most remarkable memoirs ever written. The diary of Jean-Dominique Bauby who, with his left eyelid (the only surviving muscle after a massive stroke) dictated a remarkable book about his experiences locked inside his body. A masterpiece and a bestseller in France. In December 1995, Jean-Dominique Bauby, editor-in-chief of French Elle and the father of two young children, suffered a massive stroke and found himself paralysed and speechless. But his mind remained as active and alert as it had ever been. Using his only functioning muscle - his left eyelid - he was determined to tell his remarkable story, painstakingly spelling it out letter by letter. The Diving-Bell and the Butterfly records Bauby's lonely existence but also the ability to invent a life for oneself in the most appalling of circumstances. It one of the most extraordinary books about the triumph of the human spirit ever written. "The Diving Bell; Or, Pearls to be Sought for" by Francis C. Woodworth. Published by Good Press. Good Press publishes a wide range of titles that encompasses every genre. From well-known classics & literary fiction and non-fiction to forgotten?or yet undiscovered gems?of world literature, we issue the books that need to be read. One Christmas day, 1998, Kerri Oxoby had everything going for her—a new husband, a wonderful family, and the beginning of a career. All this changed with a snap decision to eat one bite of candy containing hazelnut extract, which brought on a life-threatening allergic reaction and a fight for her life. Silent Warrior: A Journey of Hope is the story of Kerri's heroic, almost three-year battle to overcome the challenges brought on by anaphylactic shock and brain injury, as told by her mother, Shirley Oxoby, a guidance counselor with 20 years' experience. From the first terrifying moments in the ICU to the daily struggles of in-home therapy and healing, the book chronicles Kerri's journey to recovery despite resistance from the health care system, ongoing medical emergencies, the failure of insurance to address basic patient needs, and the painful setbacks that seemed to lie around every turn. In a gripping memoir that is at once heartbreaking and uplifting, Shirley Oxoby recounts her warrior daughter's valiant struggle to return to her life, and demonstrates that there truly are no small miracles. It is a nonpolitical statement on the power of love and family. Ingenious Ireland takes readers on a magnificent tour of the country's natural wonders, clever inventions, and historic sites. Richly illustrated and meticulously compiled, Ingenious Ireland introduces readers to the complete history, culture, and landscape of all thirty-two Irish counties. Mary Mulvihill unearths Ireland's treasures and divulges her secrets, such as the oldest fossil footprints in the Northern hemisphere, the advent of railways, the invention of milk of magnesia, and why the shamrock is a sham. Fascinating and comprehensive, Ingenious Ireland unravels the mysteries and marvels of this remarkable country. During the Spanish colonization of Mexico, a young girl invents a diving bell to save her brother and her people. This book discusses feature films that enrich our understanding of doctor-patient dilemmas. The book comprises general clinical ethics themes and principles and is written in accessible language. Each theme is discussed and illuminated in chapters devoted to a particular film. Chapters start with a discussion of the film itself, which shares details behind the making of the film; box-office and critical reception; casting; and other facts about production. The chapter then situates the film in a history of medicine and medical sociology context before it delves into the clinical ethics issues in the film, and how to use it as a teaching aid for clinical ethics. Readers will understand how each film in this collection served to bring particular clinical ethics issues to the public’s attention or reflected medico-legal issues that were part of the public discourse. The book is a perfect instructor's guide for anyone teaching bioethics, healthcare ethics, medical sociology, medical history, healthcare systems, narrative medicine, or nursing ethics. "Neutral Buoyancy is a journey filled with exotic, eccentric human characters competing for space with misunderstood sharks, weeping turtles, smiling dolphins and erotically shaped sea slugs. This unique and inspiring insight into our relationship with the deep will allow even the most timid swimmer to lose themselves underwater."--Jacket. Along Cornwall's ancient coast, the flotsam and jetsam of the past becomes caught in the cross-currents of the present and, from time to time, a certain kind of magic can float to the surface... Straying husbands lured into the sea can be fetched back, for a fee. Magpies whisper to lonely drivers late at night. Trees can make wishes come true - provided you know how to wish properly first. Houses creak, fill with water and keep a fretful watch on their inhabitants, straightening shower curtains and worrying about frayed carpets. A teenager's growing pains are sometimes even bigger than him. And, on a windy beach, a small boy and his grandmother keep despair at bay with an old white door. In these stories, Cornish folklore slips into everyday life. Hopes, regrets and memories are entangled with catfish, wrecker's lamps, standing stones and baying hounds, and relationships wax and wane in the glow of a moonlit sea. This luminous, startling and utterly spellbinding debut collection introduces in Lucy Wood a spectacular new voice in contemporary British fiction. NEW YORK TIMES BESTSELLER • For the first time ever—a comprehensive biography of one of the twentieth century’s most innovative creative artists: the incomparable, irreplaceable Jim Henson He was a gentle dreamer whose genial bearded visage was recognized around the world, but most people got to know him only through the iconic characters born of his fertile imagination: Kermit the Frog, Bert and Ernie, Miss Piggy, Big Bird. The Muppets made Jim Henson a household name, but they were just part of his remarkable story. This extraordinary biography—written with the generous cooperation of the Henson family—covers the full arc of Henson’s all-too-brief life: from his childhood in Leland, Mississippi, through the years of burgeoning fame in America, to the decade of international celebrity that preceded his untimely death at age fifty-three. Drawing on hundreds of hours of new interviews with Henson's family, friends, and closest collaborators, as well as unprecedented access to private family and company archives, Brian Jay Jones explores the creation of the Muppets, Henson’s contributions to Sesame Street and Saturday Night Live, and his nearly ten-year campaign to bring The Muppet Show to television. Jones provides the imaginative context for Henson’s non-Muppet projects, including the richly imagined worlds of The Dark Crystal and Labyrinth—as well as fascinating misfires like Henson’s dream of opening an inflatable psychedelic nightclub. An uncommonly intimate portrait, Jim Henson captures all the facets of this American original: the master craftsman who revolutionized the presentation of

puppets on television, the savvy businessman whose dealmaking prowess won him a reputation as “the new Walt Disney,” and the creative team leader whose collaborative ethos earned him the undying loyalty of everyone who worked for him. Here also is insight into Henson’s intensely private personal life: his Christian Science upbringing, his love of fast cars and expensive art, and his weakness for women. Though an optimist by nature, Henson was haunted by the notion that he would not have time to do all the things he wanted to do in life—a fear that his heartbreaking final hours would prove all too well founded. An up-close look at the charmed life of a legend, Jim Henson gives the full measure to a man whose joyful genius transcended age, language, geography, and culture—and continues to beguile audiences worldwide. **NAMED ONE OF THE BEST BOOKS OF THE YEAR BY BOOKPAGE** “Jim Henson vibrantly delves into the magnificent man and his Muppet methods: It’s an absolute must-read!”—Neil Patrick Harris “An exhaustive work that is never exhausting, a credit both to Jones’s brisk style and to Henson’s exceptional life.”—The New York Times “[A] sweeping portrait that is a mix of humor, mirth and poignancy.”—Washington Independent Review of Books “A meticulously researched tome chock-full of gems about the Muppets and the most thorough portrait of their creator ever crafted.”—Associated Press Please note: This is a companion version & not the original book. Sample Book Insights: #1 The shock of the wheelchair was helpful. I gave up my grandiose plans, and the friends who had built a barrier of affection around me since my catastrophe began to talk freely. I began to discuss locked-in syndrome, which is very rare. In a powerful debut, rising star Sophia Thakur brings her spoken word performance to the page. Be with yourself for a moment. Be yourself for a moment. Airplane mode everything but yourself for a moment. From acclaimed performance poet Sophia Thakur comes a stirring collection of coming-of-age poems exploring issues of identity, difference, perseverance, relationships, fear, loss, and joy. From youth to school to family life to falling in love and falling back out again—the poems draw on the author’s experience as a young mixed-race woman trying to make sense of a lonely and complicated world. With a strong narrative voice and emotional empathy, this is poetry that will resonate with all young people, whatever their background and whatever their dreams. Verse rich with aromas, colors, and sometimes bitter hints of what is unsaid. This is a reproduction of the original artefact. Generally these books are created from careful scans of the original. This allows us to preserve the book accurately and present it in the way the author intended. Since the original versions are generally quite old, there may occasionally be certain imperfections within these reproductions. We’re happy to make these classics available again for future generations to enjoy! The provocative, audacious, brilliant six-volume autobiographical novel that has unquestionably been the main event of contemporary European literature. It has earned favorable comparisons to its obvious literary forebears "A la recherche du temps perdu" and "Mein Kampf" but has been celebrated as the rare magnum opus that is intensely, addictively readable. **NEW YORK TIMES BESTSELLER** • “A meditation on sense-making when there’s no sense to be made, on letting go when we can’t hold on, and on being unafraid even when we’re terrified.”—Lucy Kalanithi “Belongs on the shelf alongside other terrific books about this difficult subject, like Paul Kalanithi’s *When Breath Becomes Air* and Atul Gawande’s *Being Mortal*.”—Bill Gates **NAMED ONE OF THE BEST BOOKS OF THE YEAR BY REAL SIMPLE** Kate Bowler is a professor at Duke Divinity School with a modest Christian upbringing, but she specializes in the study of the prosperity gospel, a creed that sees fortune as a blessing from God and misfortune as a mark of God’s disapproval. At thirty-five, everything in her life seems to point toward “blessing.” She is thriving in her job, married to her high school sweetheart, and loves life with her newborn son. Then she is diagnosed with stage IV colon cancer. The prospect of her own mortality forces Kate to realize that she has been tacitly subscribing to the prosperity gospel, living with the conviction that she can control the shape of her life with “a surge of determination.” Even as this type of Christianity celebrates the American can-do spirit, it implies that if you “can’t do” and succumb to illness or misfortune, you are a failure. Kate is very sick, and no amount of positive thinking will shrink her tumors. What does it mean to die, she wonders, in a society that insists everything happens for a reason? Kate is stripped of this certainty only to discover that without it, life is hard but beautiful in a way it never has been before. Frank and funny, dark and wise, Kate Bowler pulls the reader deeply into her life in an account she populates affectionately with a colorful, often hilarious retinue of friends, mega-church preachers, relatives, and doctors. Everything Happens for a Reason tells her story, offering up her irreverent, hard-won observations on dying and the ways it has taught her to live. Praise for Everything Happens for a Reason “I fell hard and fast for Kate Bowler. Her writing is naked, elegant, and gripping—she’s like a Christian Joan Didion. I left Kate’s story feeling more present, more grateful, and a hell of a lot less alone. And what else is art for?”—Glennon Doyle, #1 New York Times bestselling author of *Love Warrior* and president of Together Rising In *The Deep Sea Diver's Syndrome*, lucid dreamers called mediums dive into their dreams to retrieve ectoplasms - sticky blobs with curiously soothing properties that are the only form of art in the world. David Sarella is a medium whose dream identity is a professional thief. Only the dives require an extraordinary amount of physical effort, and as David ages, they become more difficult. David decides to go down one final time, in the deepest, most extravagant dive ever attempted... "Examines the adaptations and life of diving bell spiders"-- Film and literature have long been mined for interesting examples and case studies in order to teach biomedical ethics to students. This volume presents a collection of about 80 very brief, accessible essays written by international experts from medicine, social sciences, and the humanities, all of whom have experience using film in their teaching of medical ethics. Each essay focuses on a single scene and the ethical issues it raises, and the volume editors have provided strict guidelines for what each essay must do, while also allowing for some creative freedom. While some of the films are obvious candidates with medical themes -- "Million Dollar Baby", "The Diving Bell and the Butterfly" -- some are novel choices, such as "Pan's Labyrinth" or "As Good as it Gets". The book will contain several general introductory chapters to major sections, and a complete filmography and cross-index at the end of the book where readers can look up individual films or ethical issues. **A NEW YORK TIMES BESTSELLER** A New York Times Notable Book “Riveting, heartbreaking, sometimes difficult, always inspiring.” —The New York Times Book Review “An incredibly moving memoir about what it means to be a doctor.” —Ellen Pompeo As seen/heard on *Fresh Air*, *The Daily Show* with Trevor Noah, *NBC Nightly News*, *MSNBC*, *Weekend Edition*, and more An emergency room physician explores how a life of service to others taught her how to heal herself. Michele Harper is a female, African American emergency room physician in a profession that is overwhelmingly male and white. Brought up in Washington, D.C., in a complicated family, she went to Harvard, where she met her husband. They stayed together through medical school until two months before she was scheduled to join the staff of a hospital in central Philadelphia, when he told her he couldn’t move with her. Her marriage at an end, Harper began her new life in a new city, in a new job, as a newly single woman. In the ensuing years, as Harper learned to become an effective ER physician, bringing insight and empathy to every patient encounter, she came to understand that each of us is broken—physically, emotionally, psychically. How we recognize those breaks, how we try to mend them, and where we go from there are all crucial parts of the healing process. *The Beauty in Breaking* is the poignant true story of Harper’s journey toward self-healing. Each of the patients Harper writes about taught her something important about recuperation and recovery. How to let go of fear even when the future is murky: How to tell the truth when it’s simpler to overlook it. How to understand that compassion isn’t the same as justice. As she shines a light on the systemic disenfranchisement of the patients she treats as they struggle to maintain their health and dignity, Harper comes to understand the importance of allowing ourselves to make peace with the past as we draw support from the present. In this hopeful, moving, and beautiful book, she passes along the precious, necessary lessons that she has learned as a daughter, a woman, and a physician. **‘THE BEAUTY MYTH’ FOR THE INSTAGRAM GENERATION** Women Don't Owe You Pretty is the ultimate book for anyone who wants to challenge the out-dated narratives supplied to us by the patriarchy. Through Florence's story you will learn how to protect your energy, discover that you are the love of your own life, and realise that today is a wonderful day to dump them. Florence Given is here to remind you that you owe men nothing, least of all pretty. **WARNING: CONTAINS EXPLICIT CONTENT (AND A LOAD OF UNCOMFORTABLE TRUTHS).** **THE FEMINIST BOOK EVERYONE IS TALKING ABOUT.** 'An incredible mouthpiece for modern intersectional feminism.' - Glamour 'A fearless book.' - Cosmopolitan 'A hugely influential young woman.' - Woman's Hour 'Rallying, radical and pitched perfectly for her generation.' - Evening Standard A celebration of the liberating power of consciousness—a triumphant book that lets us witness an indomitable spirit and share in the pure joy of its own survival. In 1995, Jean-Dominique Bauby was the editor-in-chief of French Elle, the father of two young children, a 44-year-old man known and loved for his wit, his style, and his impassioned approach to life. By the end of the year he was also the victim of a rare kind of stroke to the brainstem. After 20 days in a coma, Bauby awoke into a body which had all but stopped working: only his left eye functioned, allowing him to see and, by blinking it, to make clear that his mind was unimpaired. Almost miraculously, he was soon able to express himself in the richest detail: dictating a word at a time, blinking to select each letter as the alphabet was recited to him slowly, over and over again. In the same way, he was able eventually to compose this extraordinary book. By turns wistful, mischievous, angry, and witty, Bauby bears witness to his determination to live as fully in his mind as he had been able to do in his body. He explains the joy, and deep sadness, of seeing his children and of hearing his aged father's voice on the phone. In magical sequences, he imagines traveling to other places and times and of lying next to the woman he loves. Fed only intravenously, he imagines preparing and tasting the full flavor of delectable dishes. Again and again he returns to an "inexhaustible reservoir of sensations," keeping in touch with himself and the life around him. Jean-Dominique Bauby died two days after the French publication of *The Diving Bell and the Butterfly*. This book is a lasting testament to his life. At the age of 42, Bauby suffered a massive stroke. Paralysed from head to toe, he was left imprisoned inside his body, his mind intact, but unable to speak or move anything except his left eyelid. This is his story. **LOS ANGELES TIMES AND PUBLISHERS WEEKLY BESTSELLER** • The powerful memoir of a young doctor and former college athlete diagnosed with a rare disease who spearheaded the search for a cure—and became a champion for a new approach to medical research. “A wonderful and moving chronicle of a doctor’s relentless pursuit, this book serves both patients and physicians in demystifying the science that lies behind medicine.”—Siddhartha Mukherjee, New York Times bestselling author of *The Emperor of All Maladies* and *The Gene* David Fajgenbaum, a former Georgetown quarterback, was nicknamed the Beast in medical school, where he was also known for his unmatched mental stamina. But things changed dramatically when he began suffering from inexplicable fatigue. In a matter of weeks, his organs were failing and he was read his last rites. Doctors were baffled by his condition, which they had yet to even diagnose. Floating in and out of consciousness, Fajgenbaum prayed for a second chance, the equivalent of a dramatic play to second the game into overtime. Miraculously, Fajgenbaum survived—only to endure repeated near-death relapses from what would eventually be identified as a form of Castleman disease, an extremely deadly and rare condition that acts like a cross between cancer and an autoimmune disorder. When he relapsed while on the only drug in development and realized that the medical community was unlikely to make progress in time to save his life, Fajgenbaum turned his desperate hope for a cure into concrete action: Between hospitalizations he studied his own charts and tested his own blood samples, looking for clues that could unlock a new treatment. With the help of family, friends, and mentors, he also reached out to other Castleman disease patients and physicians, and eventually came up with an ambitious plan to crowdsource the most promising research questions and recruit world-class researchers to tackle them. Instead of waiting for the scientific stars to align, he would attempt to align them himself. More than five years later and now married to his college sweetheart, Fajgenbaum has seen his hard work pay off: A treatment he identified has induced a tentative remission and his novel approach to collaborative scientific inquiry has become a blueprint for advancing rare disease research. His incredible story demonstrates the potency of hope, and what can happen when the forces of determination, love, family, faith, and serendipity collide. Praise for *Chasing My Cure* “A page-turning chronicle of living, nearly dying, and discovering what it really means to be invincible in hope.”—Angela Duckworth, #1 New York Times bestselling author of *Grit* “[A] remarkable memoir . . . Fajgenbaum writes lucidly and movingly . . . Fajgenbaum’s stirring account of his illness will inspire readers.”—Publishers Weekly
