*Voices of the Dead* Jan 18 2023 NATIONAL BESTSELLER The year is 1971. The place is Detroit. Harry Levin, a scrap metal dealer and Holocaust survivor, has just learned that his daughter was killed in a car accident. Traveling to Washington, DC to claim the body, he learns that the accident was caused by a German diplomat who was driving drunk. This is only the beginning of the horror for Harry, though, as he discovers that the diplomat will never face charges - he has already been released and granted immunity. Enraged and aggrieved, Harry discovers the identity of his daughter's killer, follows him to Munich, and hunts him down. What Harry finds out about the diplomat and his plans will explode his life and the lives of everyone around

him. Brimming with action and dark humor, VOICES OF THE DEAD, firmly positions Peter Leonard as a writer every suspense fan needs to read.

Voices of the Voiceless May 10 2022 In 1969, at the height of the Cold War, a group of British Christian researchers and activists, moved by the persecution of believers in the Soviet Union, established an organization dedicated to the study of religion under communism. They had two major goals: to educate the public about religious persecution and to promote academic analysis of religion in communist societies. The organization they founded, eventually named Keston College, amassed an extraordinary collection of primary source and research materials, used by its personnel to document the experiences of persecuted believers in the Soviet bloc and beyond and to publicize human rights violations against believers of all faiths. This formed the basis of a unique collection, called the Keston Archive, now at Baylor University. Voices of the Voiceless, edited by Julie deGraffenried and Zoe

Knox, presents readers with twenty-five essays on a curated selection of images and artifacts from the Keston Archive. Some of the world's leading authorities on religion and communism as well as experts personally involved with the operation of Keston College carefully selected and provided commentary for these images. The archival material presented in the book offers vivid testimony of this critically important era in the history of religion and of the Cold War. A guided look into the past, *Voices of the Voiceless* reveals the power of what atheist and antireligious regimes sought to silence. This collection documents how believers fought for religious freedom, coped with oppression, and practiced their faith, individually and collectively, in states hostile to religion. It also presents atheist propaganda produced by communist regimes that aimed to marginalize and ultimately eradicate religion. This book offers insights into how faith survived--and even flourished--during one of the most intense antireligious campaigns of the

modern era.

More Voices of The Willows and The Adoption Hub of America Sep 21 2020  
Fascinating look into the early 20th century world of adoption in Kansas City, Missouri. "More Voices of The Willows" is a follow up to "Mansion on a Hill: The Story of The Willows Maternity Sanitarium and the Adoption Hub of America."  
Adoptees and birth mothers share heartwarming and sometimes heart wrenching reunion stories. Ranging from 1908 until 1969, these twenty-two voices express the common threads of needing to know who am I, what is my family background and medical history, fear of hurting adoptive parents' feelings, and guilt for being forced to give up a baby under difficult circumstances. One voice is a past Kansas governor who was a Willows baby and wrote about his being chosen by his adoptive parents. Another is an adoptee finding her ninety-year-old biological parents and learning they had eloped after finding out the young woman was pregnant. Upon telling their parents, the young bride was forced to go to The

Willows and give up their baby for adoption. Readers will be amazed at the incredible story of a man who was born at The Willows, adopted multiple times, lived at Boys Town, was homeless, and eventually became a merchant marine at sixteen. These are just three of the amazing stories. New details about The Willows that has been discovered since the release of "Mansion on a Hill" is shared. In addition, there is information about other maternity homes and homes for infants that resided in Kansas City in the early 1900s. These include The Fairmount Maternity Hospital, Florence Crittenton Homes, St. Vincent's Maternity Home, St. Anthony's Home for Infants, East Side Maternity Hospital, Kansas City Cradle, and The Veil Maternity Hospital. There were dozens of homes for pregnant, unwed women that led to Kansas City being tagged the Adoption Hub of America.

Speeches that Changed the World May 18 2020 Comprehensively updated with many new speeches including Earl Spencer's lament to "The extraordinary and irreplaceable Diana", Nikita Khrushchev's

secret speech of 1956 signalling the beginning of the end of Stalinist Russia, Patrick Pearse's rousing funeral oration that fanned the flames of the Easter Rising, Kevin Rudd's historic apology to Australia's mistreated Aborigines and Barack Obama's momentous US election night victory speech. Alongside these are the finest war cries of Winston Churchill, Martin Luther King's prophetic "I have a dream" and "I've seen the promised land" speeches, the inspiring words of JFK and impassioned pleas from Nelson Mandela-the first at his trial in 1964 and the second on his election as president of South Africa in 1994. In addition are historic speeches from Elizabeth I, Charles I, Oliver Cromwell, George Washington, Napoleon Bonaparte, Abraham Lincoln, Emmeline Pankhurst, Mahatma Gandhi, Vladimir Lenin, Neville Chamberlain, Adolf Hitler, Joseph Stalin, Franklin D. Roosevelt, Charles de Gaulle, General George S. Patton, J Robert Oppenheimer, Mao Zedong, Malcolm X, Richard M. Nixon, Pope John Paul II, Vaclav Havel, Elie Wiesel, Mikhail

Gorbachev and many other great historical figures. **Speeches that Changed the World** presents over 50 momentous and thought-provoking speeches from throughout history. Complete with a potted biography of each speaker, and telling the story of why each oration was significant and what happened as a result, this is a gripping history of the world told through its greatest and most impassioned speeches.

**Voices of the Heart** Aug 13 2022 In this deeply personal book, artist and author Ed Young explores twenty-six Chinese characters, each describing a feeling or emotion, and each containing somewhere the symbol for the heart. Through stunning collage art that interprets the visual elements within each character, Young uncovers layers of emotional meaning for words such as joy and sorrow, respect and rudeness. He invites children to probe the full range of their own emotions, and gives parents, librarians, and older readers a context for discussing ethics and for examining the similarities and differences between old and new, East and West. **Voices of the**

Heart is a truly unique exploration—or as Young writes, "adventure"—into the different moods, and dangers and abilities of the human heart.

Voices of a Thousand People Nov 16 2022  
Voices of a Thousand People is the story of one Native community's efforts to found their own museum and empower themselves to represent their ancient traditional lifeways, their historic experiences with colonialism, and their contemporary efforts to preserve their heritage for generations to come. This ethnography richly portrays how a community embraced the archaeological discovery of Ozette village in 1970 and founded the Makah Cultural and Research Center (MCRC) in 1979. Oral testimonies, participant observation, and archival research weave a vivid portrait of a cultural center that embodies the self-image of a Native American community in tension with the identity assigned to it by others.

Voices of the Pacific Feb 07 2022 From the New York Times bestselling author of Spearhead and A Higher Call comes an

unflinching, brutal, and relentless firsthand chronicle of United States Marine Corps' actions in the Pacific during World War II. Following fifteen Marines from the Pearl Harbor attack, through battles with the Japanese, to their return home after V-J Day, Adam Makos and Marcus Brotherton have compiled an oral history of the Pacific War in the words of the men who fought on the front lines. With unflinching honesty, these Marines reveal harrowing accounts of combat with an implacable enemy, the friendships and camaraderie they found—and lost—and the aftermath of the war's impact on their lives. With unprecedented access to the veterans, rare photographs, and unpublished memoirs, *Voices of the Pacific* presents true stories of heroism as told by such World War II veterans as Sid Phillips, R. V. Burgin, and Chuck Tatum—whose exploits were featured in the HBO® miniseries, *The Pacific*—and their Marine buddies from the legendary 1st Marine Division. Includes rare photos!

Once you've heard them, you'll never forget them...In the scorching summer of 1976 - the hottest since records began - Christopher Norton, his wife Laura and their young daughter Faye settle into their new home in north London. The faded glory of the Victorian house is the perfect place for Norton, a composer of film soundtracks, to build a recording studio of his own. But soon in the long, oppressively hot nights, Laura begins to hear something through the crackle of the baby monitor. First, a knocking sound.

Then come the voices...

**A Year of the Saints Aug 01 2021**  
Catholics around the world rely on the Catholic saints for guidance and inspiration . . . so it's important that the saints and their stories be easy to find. **Voices of the Saints** by Bert Ghezzi provides readers with many convenient ways to look up 365 Catholic saints: chronologically, alphabetically, by feast day, even by theme. The saint's patronage is also listed when available, as is the date of beatification or canonization. While the reference possibilities are abundant, the inspiring stories of these saints are still the primary focus of the book, and each entry is written in such a way as to help us feel the companionship of the saint. The voice of each saint comes through clearly in quotations drawn from their own writings, the recollection of witnesses, and the careful work of biographers.

***Voices of the Enslaved* Jun 18 2020** In eighteenth-century New Orleans, the legal testimony of some 150 enslaved women and

men--like the testimony of free colonists--was meticulously recorded and preserved. Questioned in criminal trials as defendants, victims, and witnesses about attacks, murders, robberies, and escapes, they answered with stories about themselves, stories that rebutted the premise on which slavery was founded. Focusing on four especially dramatic court cases, *Voices of the Enslaved* draws us into Louisiana's courtrooms, prisons, courtyards, plantations, bayous, and convents to understand how the enslaved viewed and experienced their worlds. As they testified, these individuals charted their movement between West African, indigenous, and colonial cultures; they pronounced their moral and religious values; and they registered their responses to labor, to violence, and, above all, to the intimate romantic and familial bonds they sought to create and protect. Their words--punctuated by the cadences of Creole and rich with metaphor--produced riveting autobiographical narratives as they veered from the questions posed by

interrogators. Carefully assessing what we can discover, what we might guess, and what has been lost forever, Sophie White offers both a richly textured account of slavery in French Louisiana and a powerful meditation on the limits and possibilities of the archive.

*The Voices of the Mind* Mar 08 2022 Words are beautiful when woven together, poetry is the voice of the mind, our deepest thoughts twined together as one. Words speak great wisdom to us and invite us to explore and imagine. A book filled with poems that shed a deeper understanding on the beauty of the mind and the power of words, spirituality, love and life.

*Voices of A People's History of the United States* Feb 19 2023 This updated companion to Howard Zinn's classic *A People's History of the United States* (Harper Perennial, 2005) brings together the powerful words and actions of women and men of all races and creeds who, though mostly powerless themselves, have made change in America across the centuries. The original source book for Matt Damon's 'The People Speak' series on

The History Channel, this classic work from Zinn is a major new release.

**Voices of the Old South Mar 16 2020** Eyewitness accounts intended to introduce readers to a wide variety of primary literary sources for studying the Old South.

**Voices of the Wild Sep 14 2022** Since 1968, Bernie Krause has traveled the world recording the sounds of remote landscapes, endangered habitats, and rare animal species. Through his organization,

Wild Sanctuary, he has collected the soundscapes of more than 2,000 different habitat types, marine and terrestrial. With powerful illustrations and compelling stories, Krause provides a manifesto for the appreciation and protection of natural soundscapes. In his previous book, *The Great Animal Orchestra*, Krause drew readers' attention to what Jane Goodall described as "the harmonies of nature . . . [that are being] one by one by one, snuffed out by human actions." He now explains that the secrets hidden in the natural world's shrinking sonic environment must be preserved, not only for our scientific understanding, but for our cultural heritage and humanity's physical and spiritual welfare. Krause's narrative—supplemented by exclusive access to field recordings from the wild—draws on a compelling range of personal anecdotes, histories, and examples to document his early exploration of this field and to lay the groundwork for future generations.

*Voices of the Lost* Dec 13 2019 "Six strangers. Six letters. A chain of dark confessions, none of which reaches the intended recipient. Over the course of one hundred profound and disturbing pages, *The Night Post* tells the story of characters living on the periphery, battling with devastating poverty, fighting their own demons. Set in an unnamed country torn apart by war, the six characters at the heart of this tale are compelled to share their most personal secrets. This outstanding novella addresses some of the defining issues of our age: migration, conflict and exploitation. From one of today's

most talented Arabic writers, The Night Post forces the reader to ask whether, in an oppressively connected world, we are drifting ever further apart."--Provided by publisher.

100 Voices Jan 14 2020 100 Voices is an anthology of writing by women across the country on what achievement means for them, and how they have come to find their own voice. Featuring poetry, fiction and memoir, the pieces range from notes on making lemon curd, to tales of marathon running and riding motorbikes, to accounts of a refugee eating English food for the first time, a newlywed learning her mother tongue and a woman rebuilding her life after an abusive relationship. The poignant, funny and inspiring stories collected here are as varied and diverse as their authors, who include established names such as Louise Jensen, Sabrina Mahfouz, Yvonne Battle-Felton and Miranda Keeling alongside a host of exciting new writers. Taken together, they build a picture of what it's really like to be a woman in the UK today.

**Voices from the Ancestors Oct 23 2020**

**Voices from the Ancestors brings together the reflective writings and spiritual practices of Xicanx, Latinx, and Afro-Latinx womxn and male allies in the United States who seek to heal from the historical traumas of colonization by returning to ancestral traditions and knowledge. This wisdom is based on the authors' oral traditions, research, intuitions, and lived experiences—wisdom inspired by, and created from, personal trajectories on the path to spiritual *conocimiento*, or inner spiritual inquiry. This *conocimiento* has reemerged over the last fifty years as efforts to decolonize**

**lives, minds, spirits, and bodies have advanced. Yet this knowledge goes back many generations to the time when the ancestors understood their interconnectedness with each other, with nature, and with the sacred cosmic forces—a time when the human body was a microcosm of the universe. Reclaiming and reconstructing spirituality based on non-Western epistemologies is central to the process of decolonization, particularly in these fraught times. The wisdom offered here appears in a variety of forms—in reflective essays, poetry, prayers, specific guidelines for healing practices, communal rituals, and visual art, all meant to address life transitions and how to live holistically and with a spiritual consciousness for the challenges of the twenty-first century.**

**The Voices of Pain and the Voice of Hope  
May 30 2021**

**Voices of Time Apr 28 2021 A striking mosaic of memories, observations, and legends that together reveal the author's own story and a grand, compassionate**

vision of life itself In this kaleidoscope of reflections, renowned South American author Eduardo Galeano ranges widely, from childhood to love, music, plants, fear, indignity, and indignation. In the signal style of his bestselling and much-admired Memory of Fire trilogy—brief fragments that build steadily into an organic whole—Galeano offers a rich, wry history of his life and times that is both calmly philosophical and fiercely political. Beginning with blue algae, the earliest of life forms, these 333 vignettes alight on the Galeano family's immigration to Uruguay in the early twentieth century, the fate of love letters intercepted by a military dictatorship, abuses by the rich and powerful, the latest military outrages, and the author's own encounters with all manner of living matter, including generals, bums, dissidents, soccer stars, ducks, and trees. Out of these meditations emerges neither anger nor bitterness, but a celebration of a blessed life in a harsh world. Poetic and passionate, scathing and lyrical,

delivered with Galeano's inimitable mix of gentle comedy and fierce moral judgment, *Voices of Time* is a deeply personal statement from a great and beloved writer.

*Voices of the True-hearted* Oct 15 2022

*Voices and Books in the English*

Renaissance Oct 11 2019 "Two ideas lie at the heart of this study and its claim that we need a new history of reading: that voices in books can affect us deeply ; that printed books can be brought to life with the voice. *Voices and Books* offers a new history of reading focussed on the oral and voice-aware silent reader, rather than the historical reader we have privileged in the last few decades, who is invariably male, silent, and alone. It recovers the vocality of education for boys and girls in Renaissance England, and the importance of training in pronuntiatio (delivery) for oral-aural literary culture. It offers the first attempt to recover the voice-and tone-from textual sources. It explores what happens when we bring voice to text, how vocal tone realizes or

changes textual meaning, and how the literary writers of the past tried to represent their own and others' voices, as well as manage and exploit the voices of their readers. It offers fresh readings of the key Tudor authors who anticipated oral readers: John Bale, Anne Askew, William Baldwin, Thomas Nashe. And it aims to rethink what a printed book can be, searching the printed page for vocal cues, and exploring the neglected role of the voice in the printing process"-- Provided by publisher.

Voices of the Stars Jan 26 2021 Woven into the rich Dark Age tapestry of this magnificently complex, emotionally charged novel - the first in its series - are the Old Ways, The Old Gods, the Great Goddess and the Goddesses Nine, Magic, Seers, Enchantresses, Druids, Dragons, Ancient Rituals, medieval warfare, and the Leonardo DaVinci of his day - Gwyddion, the Merlin. It is filled with intrigue, passion, treachery, love, and with Epic Poetry throughout. It follows this evocative tale through five generations and is an intricately

involved work with many legendary, historical and original characters. These now revealed hi.

**Voices of the Matriarchs** Mar 28 2021  
Finalist for the National Jewish Book Award for 1998 With **Voices of the Matriarchs**, Chava Weissler restores balance to our knowledge of Judaism by providing the first look at the Yiddish prayers women created during centuries of exclusion from men's observance. In Weissler's hands, these prayers (called *thkines*) open a new window into early modern European Jewish women's lives, beliefs, devotion, and relationships with God.

**Voices of Justice** Jun 11 2022 A bold, lyrical collection of poems that highlight some of the most celebrated activists from around the world and throughout history. In the face of injustice, the world has always looked to brave individuals to speak up and spark change. Nelson Mandela used his voice to bring down Apartheid. Jane Goodall, Dian Fossey, and Birutė Galdikas gave a voice to the primates who couldn't speak for

themselves. The Women of Greenham Common used their collective voice to fight against preparations for nuclear war. And today's youth-like Xiuhtezcatl Martinez, the students of Stoneman Douglas High School, and Greta Thunberg—unite their voices to stop gun violence, save the planet, and so much more. Through enlightening poems by award-winning poet and author George Ella Lyon and stunning portraits by artist Jennifer M. Potter, *Voices of Justice* introduces young readers to the groundbreaking work of people who fought—and continue to fight—to make the world a better place. Featuring those mentioned above along with Virginia Woolf, Dolores Huerta, Shirley Chisholm, Jasilyn Charger, Jeannette Rankin, and more, each portrait offers a vision of action and love that gets up and does something, no matter the forces ranged against it, no matter the odds.

*Voices of Latin America* Nov 11 2019  
These are uncertain times in Latin America. Popular faith in democracy has been shaken; traditional political

parties and institutions are stagnating, and there is a growing right-wing extremism overtaking some governments. Yet, in recent years, autonomous social movements have multiplied and thrived. This book presents voices of these movement protagonists themselves, as they describe the major issues, conflicts, and campaigns for social justice in Latin America today. Latin America Bureau, a London-based, independent organization providing news and analysis on the region, spoke to people from fourteen countries, from Mexico to the Southern Cone. The book captures the voices indigenous activists, fighting oil drilling in their homelands; mothers from favelas seeking justice for their children killed by police; opponents of large-scale mining projects; independent journalists working, at great personal risk, to expose corruption and human rights violations; women and LGBT people confronting violence and discrimination; and students demanding their right to a free, universal and high-quality education system. Though their locations

and causes are disparate, these people and their movements share learning and activism, and their cooperation helps to link the movements across national borders. *Voices of Latin America* is essential reading for students, travelers, journalists—anyone with an interest in social justice movements in Latin America.
