The Price of Admission (Updated Edition) Jul 28 2020 NATIONAL BESTSELLER • “A fire-breathing, righteous attack on the culture of superprivilege.”—Michael Wolff, author of the #1 New York Times bestseller *Fire and Fury*, in the New York Times Book Review NOW WITH NEW REPORTING ON OPERATION VARSITY BLUES In this explosive and prescient book, based on three years of investigative reporting, Pulitzer Prize winner Daniel Golden shatters the myth of an American meritocracy. Naming names, along with grades and test scores, Golden lays bare a corrupt system in which middle-class and working-class whites and Asian Americans are routinely passed over in favor of wealthy white students with lesser credentials—children of alumni, big donors, and celebrities. He reveals how a family donation got Jared Kushner into Harvard, and how colleges comply with Title IX by giving scholarships to rich women in “patrician sports” like horseback riding and crew. With a riveting new chapter on Operation Varsity Blues, based on original reporting, *The Price of Admission* is a must-read—not only for parents and students with a personal stake in college admissions but also for those disturbed by the growing divide between ordinary and privileged Americans. Praise for *The Price of Admission* “A disturbing exposé of the influence that wealth and power still exert on admission to the nation’s most prestigious universities.”—The Washington Post “Deserves to become a classic.”—The Economist

Launch Feb 21 2020 You'd love to get your kids through college debt-free-but your kids aren't getting any scholarships, you haven't saved for college, and you make too much to get government financial aid. Is there still hope? Yes, but you'll need someone to guide you. In LAUNCH, academic strategist Jeannie Burlowski lays out clear, step-by-step strategies that empower parents to get their kids through high quality, best-fit colleges debt-free-and then directly into jobs they love afterward. Experts rave about LAUNCH: "The checklists at the end of each chapter in this book are fabulous. They're golden. Well worth the entire price of the book." -Bob Shorb, former associate dean of admissions and financial aid and director of student aid and family finance, Skidmore College "Students who go through college without career direction are, as Jeannie Burlowski says, 'like archers who pull the arrow back on the bow string, shoot, and then years later look around for the target.' This book helps parents set their kids up to take aim early and fire a sure shot, whether that's at medical school or at some other worthy endeavor." -Dr. Paul Amble, MD, assistant clinical professor, Yale School of Medicine "I'm a Morgan Stanley wealth management advisor, and after I read this book cover to cover I purchased 30 copies for clients. Every financial advisor needs to know the information in this book. It's valuable for all types of families-from those that think their income is too high to qualify for aid, to those that worry they'll go into debt paying for college. We utilize this book in our financial planning practice as we guide our clients to the things that matter most in their lives. If you're confused about how FAFSA works or what your kids should contribute, this book will provide clear answers. I was especially impressed with the way the book breaks down the pertinent information with chapters that align with the age of your kid. And the checklists for each chapter allow families to pick and choose the advice that best works

for their family. My favorite part of the book is that it is truly a parenting book-with tips and insight for raising strong, thoughtful people who care about improving the world. The focus is on the outcome: your child becoming a successful and happy adult. If you're going to choose a financial advisor, you need to make sure that they know the specific college planning information in this book and are utilizing these ideas in their practice." -Alix Magner, financial advisor, Morgan Stanley, Minneapolis, MN "I'm a certified financial planner who cares deeply that parents are able to send their kids to college without risking their retirement. You can be sure I'll be recommending this book every chance I get." -Mike Branch, CFP, Focus Financial, Minneapolis, MN "High school guidance counselors have a difficult time covering the intricacies of the college admission and financing process in the small amount of time they have to work with a large number of students. This book fills in all the gaps-and more-for parents." -Josie Robinson, author and former high school guidance and career counselor, White Bear Lake Area High School And here's what parents like you say about LAUNCH: "We only used a small fraction of the ideas in this book, and our daughter graduated from an excellent private university at age 20 and went straight to her dream job at Disney. Read chapters 1 and 2 when your kid's in middle school!" -Liz and Tim Weatherhead, Bloomington, MN

How to Get Into AA School Apr 05 2021 ?????????????? Learn the Little Known Secrets AA Schools Won't Tell You ?????????????? Hi, my name is Trevor Thomas. I have an extensive amount of experience in the medical industry, including medical school interviews. After seeing the boom in the AA profession, but no help for students, I decided to come out with a book that provides students all the information they need to have the best chance of getting into Anesthesiologist Assistant school! Here's What You'll Learn in This Book... Part 1: Introduction - First we go over the history of the AA profession, what states currently allow AAs to practice, and the schools currently accepting applicants. We also go over the income and job prospects for new AAs, as well as a website called AAschools dot org, which contains detailed admissions information for all AA schools. Part 2: Schooling and Grades - Next we go over the classes and grades AA

schools are looking for in their students. This includes the best major to choose, the minimum GPA you need to have a chance of getting an interview, and the required and preferred classes AA schools are looking for. You'll find out the ideal institution to take your classes to obtain the highest grades, as well as how to give yourself the best chance of getting into AA school even if you don't have a great GPA. Part 3: The GRE & MCAT - After that, we go over both the GRE and MCAT, detailing the best exam to choose when given the choice by AA schools. The CASper exam is also covered in this section. Part 4: Work, Volunteer, & Shadowing Hours - Then we go over how to gain work, volunteer, and shadowing hours to obtain a more well rounded application. This includes how to find anesthesia providers who will allow you to shadow, as well as the types of jobs and volunteer experience AA schools are looking for. Part 5: The Application Process - This section goes into great detail on the application process, showing you what and how to put into each section of the CASAA application with detailed text and pictures. It also goes over where to get reference letters, how to craft your personal statement, and an excellent free website you can use to add a polished resume to your application. Part 6: The Interview - When the time comes you need to know how to handle the interview. Unlike what AA schools tell students, there are right and wrong ways to answer the interview questions. This section goes over what students can expect during the interview process, the most common questions you will be asked during your AA interview, and how to improve your interviews skills to give you the best chance of getting an acceptance letter. As a complimentary bonus, you'll receive the complete AA school checklist. CASAA and test companies provide no refunds to students, and your CASAA application is not editable after it has been processed. For this reason, you need to make sure your application is complete before hitting that submit button. This checklist form does just that, outlining everything you need to include in CASAA when applying to AA schools. This checklist is not available to the general public, and only available to buyers of this book. If you want give yourself the best chance of getting in AA school, you can't risk not knowing this information! Press the "Buy Now" button at the top of the page and
