Excerpt from *The Bankruptcy Law Annotated: Being the National Bankruptcy Act of 1898, as Amended February 5th, 1903; The Orders in Bankruptcy, the Official Forms, and the United States Equity Rules* In carrying out the original plan of placing under each section or paragraph all the decisions relating to it, with a short note of the substance of the case, it became apparent towards the close that by reason of the increasing number of cases some sections were overloaded. It was too late to attempt a curtailment, and it was deemed better to carry out the plan irrespective of the growing bulk. A difficulty arose which is apparent in that, owing to the somewhat incoherent shape which the act assumed from the manner of its production, many sections cross and inter fere with each other. Which resulted in an embarrassment in correctly placing the notes. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Excerpt from *The Law and Practice in Bankruptcy Under the National Bankruptcy Act of 1898, Vol. 1 of 2* Collier on Bankruptcy was the pioneer work on the subject, and quickly attained a high position with the bench and bar, a position which it has maintained for twenty-three years, through eleven different editions. The last edition was published over three years ago, during which time there have been over twelve hundred new decisions construing the Bankruptcy Act. The wisdom of continuing the previous policy of the publishers of keeping the work up to date as the leading exponent of the Law of Bankruptcy has caused the preparation of this new edition. Reprint of the third edition. More convenient than the extensive contemporary works of Collier or Remington, Black's handy treatise, which uses the format of a West Hornbook, offers a summary of the law as it stood in the early 1920s. Though its size led some to suspect it was superficial, it was generally well-received and did much to popularize the field. As one reviewer wrote, "[i]t is to be hoped [this book] marks the beginning of a new period in bankruptcy law that will witness its welcoming into the repertoire of the lawyer as one of the regular devices for regulating business relations.": Nathan Isaacs, *University of Pennsylvania Law Review* 73 (1924-1925) 120. Excerpt from *The Law of Bankruptcy and the National Bankruptcy Act of 1898* In presenting to the profession and to the public, an enlarged edition of my work on bankruptcy, it is but proper that the character and extent of the additions be explained. In this edition the forms which appeared in the original edition have been superseded by the official forms just promulgated by the Supreme Court; and the rules and orders in bankruptcy prescribed by the same court have been inserted. Not only is the full text of these rules and forms given, but an exhaustive index of them has been made, and they have been annotated and cross-referenced as far as their nature permits. The fact that by rule XXXVII it is provided that in proceedings in equity instituted for the purpose of carrying into effect the provisions of the bankruptcy act, or for enforcing the rights and remedies given by it, the rules of equity practice prescribed by the U. S. Supreme Court shall be followed, has led me to insert these rules; and a detailed index accompanies them. A list of the judges of the U. S. District Courts and of the clerks thereof, and the addresses of the clerks, has been inserted for the convenience of attorneys.
