It features content rich, high-interest readings related to the academic content areas of communication, technology, mathematics, business, and engineering. Strategic Reading is a three-level series designed to develop reading, vocabulary-building, and critical-thinking skills. Strategic Reading Level 1 is a reading skills book that contains twelve thematic units, each with three high interest readings. All readings come from authentic sources and have been slightly adapted to be appropriate for study by intermediate-level students. Exercise material surrounding the readings builds students' vocabulary and develops their reading and critical thinking skills. Explore 1 is a theme-based, all-in-one integrated skills and grammar textbook that features high-interest Canadian and international content. In total, there are 6 units and it is expected that most teachers will complete 4 or 5 units during the 45-hour program. This built-in flexibility allows teachers to focus on the units they and their students find the most stimulating, and provides more variety for teachers who teach the same course successively. Unstudied units can also become extra testing material. Explore 1 is aimed at high-beginner to low-intermediate students who want to improve their English for career purposes. The textbook contains two readings per unit, writing activities, listening activities, speaking

activities, a pronunciation activity, an interpreting data activity, a revising and editing activity, and a watching activity, all of which are designed to meet the specific objectives outlined by the Quebec Ministry of Education. All themes and content in Explore have transferable connections to both technical and pre-university B Block programs. These connections are further reinforced by field-specific activities and projects in each unit that ensure students transfer what they have learned into practical application within their field of study, using both input and output skills. This innovative textbook addresses the reality that there is rarely a common B Block demographic in CEGEPs or in individual classes. As a result, the book is designed to meet a wide variety of student needs. The goal: help teachers find common denominators that are meaningful to and manageable for the entire group, no matter students' level or field of study. Challenge and inspire your teenage learners to think beyond language. Think is a fresh, vibrant and upbeat course designed to engage teenage learners and make them think. As well as building students' language skills, it offers a holistic approach to learning: developing their thinking skills, encouraging them to reflect on values and building their self-confidence. Topics are chosen to appeal to and challenge teenagers, firing their imagination and ensuring effective learning. Exam-style exercises and tips help students prepare for Cambridge English Key, Preliminary and First. Informed by the Cambridge English Corpus, the course reflects real language usage and 'Get it right' sections help students avoid common mistakes. Engaging facts, amazing photography and captivating real-life video take young learners on a

journey to explore the world as they learn English. Are you ready to explore? What makes our bodies move? Why do whales jump out of water? Guess What! is a six-level course that invites children to explore the world through engaging facts, amazing photography, and captivating video.
